Dear Quentin,

Re: Request for Extension – Cooper Basin Logistics Support Hub (September 2013) – Statement of Environmental Objectives (SEO) – 5 year review

The Department for Energy and Mining – Energy Resources Division (DEM-ERD) on the 25 September 2018, received a request from FTI Consulting Pty Limited, as Receivers for KJM Contractors Pty Ltd, for an extension of time on the Cooper Basin Logistics Support Hub Statement of Environmental Objectives (SEO) (September 2013) five year review.

DEM-ERD understands that FTI Consulting is currently in the advanced stages of a sales process for Cooper Parks (which operates under the SEO) and therefore require an extension of time to allow the potential purchaser of the facility the opportunity to review and make any necessary changes to the documents based on their proposed activities. Pursuant to Section 134 of the *Petroleum and Geothermal Energy Act 2000* (Act), DEM-ERD is prepared to grant an extension of time for the review and submission of the revised (if required) SEO to the 30 September 2019.

Until such time, the ongoing operation and management of Cooper Parks and all associated activities within SFL 2, must comply with the requirements of the current KJM Cooper Basin Logistics Support Hub SEO, gazetted in September 2013.

If you have any queries in relation to this matter please contact Scott Howell via email scott.howell@sa.gov.au or on (08) 8429 2541.

Yours sincerely,

A handwritten signature in blue ink, appearing to read 'N Panagopoulos', enclosed in a blue circular scribble.

Nick Panagopoulos
