Dear Adrian,

**Extension Approval - 5 Year Review – The Moomba to Adelaide Gas Pipeline
Statement of Environmental Objectives (SEO), PL 01, December 2009.**

I refer to your letter dated 9th December 2014 requesting approval to extend the 5 year review of the Moomba to Adelaide Gas Pipeline SEO, PL 01, December 2009, which was originally due on 17th December 2014. Pursuant to Section 134 (1) of the *Petroleum and Geothermal Energy Act 2000*, I hereby grant an extension of the time specified to seven months.

This extension has been provided on the basis that further time is required to undertake a comprehensive consolidation of the Environmental Impact Report and SEO which will adequately comply with the updated environmental objectives and assessment criteria format requested by DSD, and in addition allow Epic Energy South Australia and Heathgate Resources Pty Ltd to determine whether there is any benefit in amalgamation of PL12 SEO with PL01. The revised documents are to be submitted to DSD by COB 30th June 2015.

If you have any queries in relation to this matter please contact Dale Wenham, Principal Environmental Adviser on (08) 8463 7080.

Yours sincerely,
