Dear Phil,

Approval – Section 27 production suspension (PEL 650)

I refer to your letter dated 5 November 2018 requesting a 4-week suspension of the 3-month production period approved on 3 September 2018, with production beginning on 10 October 2018 from the in-situ gasification (ISG) demonstration plant in PEL 650.

In response, pursuant to delegated powers under the Act, I hereby give approval under Section 27(3) for this suspension conditional on:

- at the expiration of the suspension (a maximum of up to 4 weeks to 5 December 2018), the 3-month UCG trial period will recommence.

Furthermore, I advise that your request and my subsequent approval will be published on the website of the Department for Energy and Mining that summarises the status of your PCD project (http://energymining.sa.gov.au/petroleum/projects/prj_leigh_creek_energy_isg).

If you have any queries please contact me by phone on (08) 8429 2470; or email at michael.malavazos@sa.gov.au.

Yours sincerely
