13.1.7 the proposed site and nature of any buildings or structures (including pipelines and associated facilities); and

13.1.8 any other aspect of the Petroleum Operations which is likely to have an adverse impact upon or cause substantial disturbance to native title rights and interests in any part of the Licence Area.
13.2 Prior to the expiration of fourteen (14) days (or such other period as the Company and the Association agree) after the Company has requested a Clearance and provided the particulars of its proposed work programme in accordance with clause 13.1, the Company and the Association by their respective representatives and advisors, shall meet. The purpose of such meeting shall be:

13.2.1 to discuss the proposed work programme and its practical implementation including matters such as access to existing tracks, topography, the work programme envisaged (including disturbance to the physical environment) and the major items of equipment to be used;

13.2.2 to identify aspects of the proposed work programme and proposed Clearance where efficiencies can be implemented; and

13.2.3 to discuss arrangements for preliminary access by the Company for Reconnaissance Surveys so as to avoid adverse impact on native title rights and interests in the physical environment.

13.3 If the Association is not reasonably satisfied with the particulars of the Petroleum Operations given pursuant to clause 13.1 hereof, the Association may, prior to the proposed commencement of Petroleum Operations, request that the Company provide and the Company shall provide, reasonable further particulars of such proposed Petroleum Operations.

13.4 The Association may object to the proposed Petroleum Operations referred to in clause 13.1 provided:

13.4.1 the objection is made in writing within fourteen (14) days of receipt of the work programme; and

13.4.2 the matter objected to is likely to have a material adverse impact or cause substantial disturbance to native title rights and interests in the Licence Area.

13.5 In the event that the Association has a specific objection to any part of the particulars of the proposed Petroleum Operations supplied by the Company under clause 13.1, or to any substantial change therein of which notice has been given under clause 13.8:
13.5.1 the Association shall refer such objection for resolution pursuant to clause 29 within fourteen (14) days of being supplied with such particulars or given such notice;

13.5.3 provided always that objection may only be taken where the matter objected to is likely to have a material adverse impact upon or cause substantial disturbance to native title rights in the Licence Area; and

13.5.4 if no such specific objection is raised within the said fourteen (14) day period by the Association, the Company may proceed on the basis that the particulars provided by the Company pursuant to this clause 13 constitute the details of the work programme for its Petroleum Operations.

13.6 Where the Association receives a request for Clearance pursuant to clause 13.1 in respect of an Operational Area or part thereof and the Operational Area or part thereof has been the subject of prior inspection and Clearance (where the previous work programme is substantially similar to the current request) in accordance with the terms and conditions of an Executed Acceptance Contract by the Company or any other company or an agreement negotiated by the Native Title Party pursuant to its Right to Negotiate in relation to a Licence, the Association shall by notice in writing within two (2) weeks of the request notify the Company that such Operational Area or part thereof shall be deemed to have been inspected and cleared in accordance with the requirements of these Acceptance Contract Conditions and subject to any conditions applicable to that Clearance.

Where the Company gives such notice after obtaining a Clearance, the Company, the Association and the Native Title party shall proceed in accordance with clause 17.7.

13.9 Subject to the Aboriginal Heritage Act 1988 (South Australia), where the Company has duly complied with the processes required of it:

13.9.1 pursuant to clause 13.1, and no Clearance is conducted within sixty eight (68) days (or such later time as the Company, the Association and the Native Title Party in writing agree); or

13.9.2 pursuant to clause 13.8 for the circumstances set out in clause 17.7.2, and no Clearance is conducted within fourteen (14) days (or such later time as the Company, the Association and the Native Title Party in writing agree); or

13.9.3 pursuant to clause 13.8 for the circumstances set out in clause 17.7.3, and no Clearance is conducted within two (2) days (or such later time as the Company, the Association and the Native Title Party in writing agree);

14.5 In the event that a proposed Operational Area is not cleared by the Scouting Team the Specialist shall advise the Company’s representative to that effect and the Company’s representative may propose alternative Operational Areas during the course of the Clearance provided that:

14.5.1 any such alternative Operational Areas do not constitute a material modification or alteration to the work programme referred to in clause 13.8; and

14.5.2 in undertaking any clearance of alternative Operational Areas the Scouting Team is not required to remain in the field for any additional period of time beyond two (2) days, unless agreed otherwise.
14.6 Subject to the Aboriginal Heritage Act 1988 (South Australia) the Company shall be absolutely entitled to rely on Clearances provided by the Native Title Party and facilitated by the Association pursuant to the Executed Acceptance Contract in which case neither the Native Title Party nor the Association shall complain that Petroleum Operations conducted in accordance with clauses 13, 14, 15 and 17 hereof interfered with any Areas of Significance. The Company shall be entitled to plead this provision in defence of any complaint of interference to Areas of Significance made by any person pursuant to any Applicable Law.

14.7 The Company will:

14.7.1 not conduct any Petroleum Operations on the Licence Area except within a Seismic Line Access Corridor or Work Site which has been cleared in accordance with clauses 14, 15 and 17 and Annexure E;

15.2 Subject to cultural and traditional considerations, and any restrictions caused by inclement weather conditions which may prevent movement in the Operational Area and surrounding region, the task of the Scouting Team shall be to:

15.2.1 determine whether the seismic lines, access roads or work sites or any other activities described in the work programme are likely to disturb, damage, or interfere with Areas of Significance;

15.2.2 give advance warning to the Company’s representative nominated to assist the Scouting Team to enable the Company’s representative to relocate parts of seismic lines, access roads or Work sites or any other activities described in the work programme, in order to avoid and protect Areas of Significance;

15.2.3 show reasonable diligence in preparing for and carrying out such work while the Company meets its obligations pursuant to the Executed Acceptance Contract; and

17.5 The Native Title Party and the Association shall ensure that any Aboriginal persons accompanying the Scouting Team shall have knowledge of the Operational Area to be cleared and shall have the traditional knowledge and authority to determine whether there are any Areas of Significance within the Operational Area to be cleared.

17.6 In the event that the Scouting Team determines it is necessary to deviate any proposed seismic line or access road, such deviation shall be made as small as possible and any deviated line or road will be returned to the original planned line or road as soon as practicable, bearing in mind the proximity of any Areas of Significance and the need to minimise unduly sharp line deflections. In the event that relocation of a proposed drill site for an exploration appraisal or development well is being considered, any movement of the proposed drill site shall be minimised so far as possible.

17.7.1 the Company shall notify the Association as soon as practicable and request that the Scouting Team inspects and clears each area to be included in such proposed material modification or alteration in accordance with the provisions of these Acceptance Contract Conditions;

(ii) Any sums, being sums deemed under clause (3)(g)(i) to be part of the *bona fide* value of the substances, paid by the Producer in respect of the use of such plant for treating processing or refining such substance
or in transporting such substance to the point of delivery to the purchaser shall be deemed to be an expense under clause (2)(c).

(iii) If any such plant is used for treating processing or refining of the substance sourced from outside of the areas referred to in clause (3)(g)(i) or in transporting such substance to the point of delivery to the purchaser any amounts which may be claimed as deductions under this clause (whether such deductions be by way of operating expenditure or capital expenditure) in respect of such plant shall be reduced by the proportion which would be obtained by the method of apportioning costs used by the Producer to ascertain the tolling fee, but any revenue received by the Producer for the use of such plant for the treating, processing or refining of such substance prior to delivery or in transporting the substance to the point of delivery to the purchaser shall not be deemed to part of the gross sales value of the substance.

(4) Royalty Returns

(a) Not later than thirty (30) days after the conclusion of each calendar month the Licensee will calculate and notify to the Minister the royalty, calculated by taking the \textit{bona fide} sales value of the substance sold in that month, and deducting therefrom the most recent estimated monthly expenditure provided under clause (4)(c), payable by each Licensee. and hence calculate the estimated royalty payable for the next succeeding twelve (12) month period and shall provide the Minister with such estimates, together with the apportionment thereof on a monthly basis. A review of such forecast will be required if significant change to the forecast is evident. The Licensee will be required to provide a bona fide forecast as necessary for up to a period of 5 financial years including detail as referred to above but excluding a monthly apportionment for all but the proceeding twelve (12) month period.

(d) Not later than thirty (30) days after the completion of each twelve month period concluding on each 30th June the Licensee shall reconcile the estimated expenditure with the actual expenditure and reconcile all calculations of royalties and shall provide the Minister within the said period of 30 days with copies of such reconciliations, together with a notice advising the Minister of any additional royalty calculated in accordance with the reconciliations as payable by each Licensee. If any such reconciliation shows that the total of the amounts of royalty paid during the last preceding 12 months was in excess of the amount of royalty which should have been paid for that period, the difference may be set off against royalty payable in the next succeeding months provided however that any expenses allowed as a deduction under clause (2)(b) to clause (2)(e) inclusive shall not be carried forward for a period of greater than 12 months from the month of expenditure.

(e) The Licensee shall not later than thirty (30) days after the completion of each twelve month period concluding on each 30th June pay to the Minister the additional royalty calculated in accordance with the reconciliation referred to in clause 4(d) as payable by the Licensee.

7. The Association will provide sufficient and appropriate all-terrain four-wheel drive vehicles for use by the Scouting Team while it is undertaking the inspection and Clearance process.

in respect of each occasion that the four-wheel drive vehicles are used for or incidental to carrying out a Clearance and will make the log-book available to the Company upon request.
11. The Company will reimburse the Association in accordance with an agreed plan and Budget for the Association’s reasonable costs for:

13. The Company will pay to or reimburse the Association the cost of engaging the services of the Scouting Team, for each Specialist and for each of the agreed number of members of a Scouting Team at the respective rates negotiated and agreed during negotiation of a Budget for each day required for compliance with clauses 14, 15 and 16 and this Annexure E and for travel to and from his or her place of residence within Australia, and reasonable travel costs, all in accordance with a Budget.

14. The Company will allow a food allowance for each member of the Scouting Team at the rate of thirty five dollars ($35.00) per day, increasing annually in accordance with the Consumer Price Index, for each day spent undertaking the Clearance and each day spent travelling to and from the Licence Area for that purpose.

15. The Company will pay to the Association the reasonable cost of hire or re-imbursement of hire of four-wheel drive vehicles and the cost of fuel and vehicle insurance (if applicable), provided that the log book details are properly recorded in accordance with clause 10 of this Annexure E.
16. Where a Scouting Team member uses their own vehicle in accordance with clause 8 of this Annexure E, the Company will reimburse that Scouting Team member for fuel used for, or incidental to conducting a Clearance within seven (7) days of receiving a copy of the tax invoice evidencing purchase.

The following is a guideline to the mediation process should a dispute arise and be referred to mediation pursuant to clause 29.

1. Role Of Mediator

1.1 The mediator will be neutral and impartial. The mediator will assist the Parties to attempt to resolve the dispute by helping them to:

(a) systematically isolate the issues in dispute;

(b) develop options for the resolution of those issues;

(c) explore the usefulness of these options; and

(d) meet their interests and needs.

1.2 The mediator may meet with the Parties together or separately.

1.3 The mediator will not give legal or other professional advice to any Party, impose a resolution on any party or make a decision for any Party.

1.4 The mediator will not accept an appointment in relation to any proceedings concerning the dispute.

1.5 No Party will take action to cause the mediator to breach paragraph 1.4.

2. Conflict of Interest

The mediator must prior to commencement of mediation disclose to the Parties to the best of the mediator’s knowledge any prior dealings with any of the Parties as well as any interests in the dispute. If in the course of the mediation the mediator becomes aware of any circumstances that might reasonably be considered to affect the mediator’s capacity to act impartially, the mediator must immediately inform the Parties of those circumstances.
3. **Co-operation**
The Parties must co-operate in good faith with the mediator and each other during the mediation.

4. **Conduct of Preliminary Conference**
As part of the mediation, the mediator will establish a preliminary conference at a time and venue convenient to the Parties to establish a timetable for mediation.

5. **Authority to Settle**
The Parties must attend the mediation with authority to settle within any range that can reasonably be anticipated. At the mediation each Party may have one or more other persons including legally qualified persons to assist and advise them.

6. **Communications between Mediator and Parties**
Any information disclosed to a mediator in private is to be treated as confidential by the mediator unless the Party making the disclosure states otherwise.

7. **Confidentiality of the Mediation**
The Parties and the mediator will not disclose to anyone not involved in the mediation any information or document given to them during mediation unless required by law to make such disclosure.

8. **Privileged Material**
The Parties and the mediator agree that other than in the course of enforcement of the settlement agreement for the dispute by judicial proceedings, the following will be privileged and will not be disclosed in or be the subject of a subpoena to give evidence or to produce document in any proceedings in respect of the Dispute:

   (a) any settlement proposal whether made by a Party or the mediator;
   (b) the willingness of a Party to consider any such proposal;
   (c) any such statement made by a Party or the mediator during the mediation; and
   (d) any information prepared for the mediation
9. **Termination of the Mediation**
   A Party may terminate the mediation at any time after consultation with the mediator.

10. **Settlement of the Dispute**
    If settlement is reached at the mediation, the terms of the settlement must be written down and signed by the Parties before they leave the mediation.

11. **Enforcement of the Settlement Agreement**
    Any Party may enforce the terms of the settlement agreement by judicial proceedings.
    Any Party may call evidence:
    
    (a) for the purposes of this clause; and
    
    (b) of the settlement agreement including evidence from the mediator and any other person engaged in the mediation.

12. **Exclusion of Liability**
    The Parties acknowledge that any mediator appointed will not be liable to them for any act or omission in the performance of the mediator's obligations under the Executed Acceptance Contract. The Parties undertake to indemnify the mediator against any claim for act or omission in the bona fide performance of the mediator's obligations under the Executed Acceptance Contract.

13. **Costs**
    The Parties are separately liable to the mediator in equal proportions for the mediator's fees.

D. The Corporation has been appointed as the Registered Native Title Body Corporate for the common law holders of Native Title pursuant to Section 57(2b) of the Native Title Act 1993 (Cth) following a Consent Determination of Native Title made by the Honourable Justice Mansfield on the 1st of May 2012 at Marree Station in the matter of Edwards Lander, Rhonda Gepp-Kennedy, Name Withheld For Cultural Reasons, Sylvia Stuart, Irene Kemp And David Mungeraninnie on behalf of the Dieri Native Title Claim Group, Federal Court of Australia, South Australia District Registry No. SAD 6017 of 1998.

E. The Corporation enters into this Deed as agent for the common law holders of Native Title pursuant to Reg. 7 of the Native Title (Prescribed Body Corporate) Regulations 1999.

Contemporaneously with provision to the Minister of the return required by section 43(4) of the Petroleum Act, the Company shall prepare and provide to the Corporation a recipient created tax invoice (if the Corporation is registered for GST purposes and provides its ABN to the Company) or in any other case a copy invoice, relating to the Production Payment payable to the Corporation pursuant to this Schedule 2.

2. Payment by the Company to the State

The Company shall, upon provision of the invoice or recipient created tax invoice (as the case may be) pursuant to paragraph 1 of this Schedule 2, pay to the State and the State shall deposit into a trust account maintained by the State for the benefit of the Native Title Holders in respect of production of all Petroleum, produced from the Determined Land and pursuant to a Licence, (and as a component of the consideration):

(a) Where the relevant Licence does not incorporate any Other Claimant Land, 1% of the value at the well head of Petroleum produced and sold therefrom; and/or

(b) The Parties acknowledge that a Licence granted to the Company in respect of a Petroleum production field may incorporate Other Claimant Land, and in that case acknowledge and agree that the total of 1% of the value at the well head of Petroleum produced and sold therefrom shall be paid to the Native Title Holders of land on which the well head is located within the Licence Area.

3. Calculations to follow Petroleum Act

(a) Value at the well head of Petroleum produced and sold is to be calculated in the same way that "value at the well head of Petroleum" is calculated pursuant to section 43(8) of the Petroleum Act (as at the date hereof) where the sale price is bona fide and to an arm's length purchaser PROVIDED that the "Guidelines for Payment of Royalty and Provision of Information" issued by DSD from time to time (a copy of the current version of which is annexed to this Schedule 2) shall be applied mutatis mutandis as if the reference to the royalty rate of 10% therein were a reference to 1%.

(b) In calculating the value of Petroleum at the well head neither the Production Payment nor the statutory royalty payable to the State under the Petroleum Act shall be treated as a deduction or outgoing to any extent.
4. Goods and Services Tax

(a) Acknowledgment

The parties acknowledge that the payments referred to in clause 8 and in this Schedule 2 have been calculated on a GST exclusive basis.

(b) GST Gross-Up

Where any payment to be made by the Company under clause 8 and in this Schedule 2 of this Deed (Payment) constitutes consideration for a taxable supply by the Native Title Holders:

(i) the amount of the Payment shall be increased by, and the Company shall pay, an additional amount calculated by multiplying the amount of the Payment by the Prevailing GST Rate; and

(ii) the Company must pay that additional amount at the same time and in the same manner as the Payment to which it relates,

PROVIDED THAT the Company need not pay the additional amount unless and until the Corporation has given the Company a tax invoice sufficient to enable the Company to claim any input tax credit to which it may be entitled in respect of the taxable supply.

(c) Interpretation

(i) In this clause, the expression "Prevailing GST Rate" in relation to a particular taxable supply, means the rate (expressed as a percentage of GST exclusive price) at which GST is imposed on that taxable supply; and

(ii) A word or expression used in this clause which is defined in the *A New Tax System (Goods and Services Tax) Act 1999* (Commonwealth) has the same meaning in this clause.
Guidelines for Payment of Royalty and Provision of Information issued by the Department of State Development of South Australia

PETROLEUM AND GEOTHERMAL ENERGY ACT 2000
PRODUCTION LICENCE
GUIDELINES FOR PAYMENT OF ROYALTY AND PROVISION OF INFORMATION

(1) Payment of Royalty

The Licensee shall pay royalty in respect of all regulated substance ("substance") recovered from Production Licence ......... other than a substance described in Section 43(3)(a) of the Petroleum and Geothermal Energy Act 2000 ("the Act")

(2) Calculation of Royalty

The Licensee shall pay royalty at a rate of ten (10) per centum of the value at the wellhead of the substance which shall be an amount calculated by taking the amount that could reasonably be realised on sale of the substance to a genuine purchaser at arms length from the Producer (excluding any Goods and Services Tax (GST) component) ("arms length sales value") (as defined in clause (3)(a)(i)) and subtracting therefrom all reasonable expenses reasonably incurred by the Producer (all excluding any GST component) in treating, processing or refining the substance prior to delivery or in transporting the substance to the point of delivery to the purchaser, which expenses shall be the following sums:

(a) a sum calculated by writing off on a straight line basis together with interest on the written down value at the rate provided in clause (3)(c), over a period of ten (10) years commencing from the month the expense was incurred (or such lesser period as may be determined as being the life of the field) the actual capital expenses incurred by the Producer in respect of all plant used for the purposes of treating, processing or refining of the substance prior to delivery (but not upstream of the wellhead) or in transporting the substance to the point of delivery to the purchaser provided however that if any item of such plant is sold prior to being fully depreciated, the amount obtained upon such sale shall be deducted from the written down value of such item for the purposes of calculating the deduction, but not so as to reduce the written down value below zero;

(b) a sum being expenses actually incurred by the Producer in respect of persons not employed on site by the Producer but whose employment functions directly relate to relevant treating, processing or refining of the substance prior to delivery (but not upstream of the wellhead) or in transporting the substance to the point of delivery to the purchaser;

(c) a sum being expenses (other than expenses upstream of the wellhead) actually incurred by the Producer or some one or more of them in respect of operating costs related to treating, processing or refining of the substance prior to delivery or in transporting the substance to the point of delivery to the purchaser, including but not limited to the amount of any licence fees payable in respect of any production licence, associated facilities licence or pipeline licence, provided however that:
(i) The amount of such deduction will be reduced by the amount obtained upon the sale of any item of plant which has not been depreciated or which has been fully depreciated, but not so as to reduce the deduction below zero,

(ii) If any such expenses are incurred pursuant to any agreement which is not bona fide or arms length, such expenses (or part thereof) shall not be deducted; and

(iii) Any expenses allowed as a deduction under clause (2)(a) or (2)(b) or (2)(d);

(d) a sum being expenses (other than expenses upstream of the wellhead) actually incurred by the Producer pursuant to a bona fide arms length agreement to lease any plant used for the purposes of treating, processing or refining of the substance prior to delivery or in transporting the substance to the point of delivery to the purchaser provided however that any such expenses in any one calendar year which is in excess of:

(i) In the calendar year 20... - the sum of $...................; or

(ii) In all subsequent calendar years, the sum of $.................... increased by the same percentage as the percentage increase in the Consumer Price Index (All Groups) for the City of Adelaide ("CPI") from the CPI in the calendar year 20... to the CPI in the relevant year shall not be deductible;

(e) a sum being the actual expenses (other than expenses upstream of the wellhead) incurred by the Producer in rehabilitating the ground surface and site of plant and the actual expenses incurred in dismantling, removing or abandoning of such plant less any salvage obtained thereon where such plant is used for the purposes of treating, processing or refining of the substance prior to delivery or in transporting the substance to the point of delivery to the purchaser and the actual expenses incurred in rehabilitating the ground surface and site of a well of the type described in clause (3)(b) and the actual expenses incurred in abandoning such well but not including any costs incurred as a result of the loss of control of any well.

(3) Further provisions regarding calculation of Royalty

(a) For the purposes of clause (2):

(i) in each month the arms length sales value of the substance means the value of the actual sales in respect of the substance described in clause (1) in that month provided however that if any substance is not supplied to a bona fide arms length purchaser, not sold for full market value, or returned to a natural reservoir for later production, destroyed, dissipated or used by the Producer not in accordance with Section 43(3) of the Act, the gross sales value of such substance shall be the amount which would have been received in respect of such substance from a bona fide arms length purchaser for full market value;

(ii) the term “plant” includes but is not limited to:

(A) Any machinery, equipment, vehicle, implement, tool, article, vessel, pit, building, structure, improvement or other such property used in, or in connection with, treating processing or
refining of the substance prior to the delivery or in transporting the substance to the point of delivery to the purchaser; or
(B) Any pipeline;
And
(iii) "wellhead" means the casing head and includes any casing hanger or spool, or tubing hanger, and any flow control equipment up to and including the wing valves.

(b) Non Producing Wells

The capital expenditure referred to in clause (2)(a) may include the actual capital expenditure incurred by the Producer in respect of wells used solely for the purpose of assisting or enhancing the recovery of the substance from other wells or for the purposes of storing the substance or for the recovery or disposal of water used in connection with treating processing or refining of the substance prior to delivery or for any similar purpose other than the production of the substance and may also include the actual capital expenditure incurred by the Producer in converting a well used for the production of the substance to a well used for such other purposes.

(c) Interest Rate

For the purpose of clause (2)(a), the interest rate shall be one half of the long term Australian Government Bond Rate for bonds of a 10 year term as published at the end of the month in which the capital expenditure was made. If no such rate is in existence or published at the end of such period then the interest rate for the purposes of clause (2)(a) shall be one half of the average of the long term Australian Government Bond Rate for bonds of a 10 year term prevailing during the period of 5 years preceding the date on which such rate ceased to exist or be published.

(d) Apportionment of Expenses

Where an item of plant is used partly for the purposes of treating, processing or refining of the substance prior to delivery or in transporting the substance to the point of delivery to the purchaser, and partly for some other purpose, the amount of the deduction (whether for capital or operating expenditure) which shall be allowed shall not include the proportion of the actual capital or operating expenditure applicable to that other purpose.

(e) Sale of Plant

Notwithstanding the provisions of clause (2), if an item of plant is sold by a Producer ("the first Producer") to another Producer, or to a company that becomes a successor or assign of the first Producer ("the second Producer"), the second Producer may only depreciate the plant to the extent to which the first Producer was, immediately before the time of sale, entitled to depreciate the plant.

(f) Take or Pay
For the purposes of this clause and of calculating the gross sales value of the substance, where the Producer enters into an agreement commonly known as a take or pay agreement, any payment received by the Producer in respect of petroleum which has been paid for but not been taken shall be treated as part of the gross sales value of the substance at the time of receipt of payment by such Producer and not at any other time.

(g) Tolling

(i) If the Producer receives any revenue from the use of any plant downstream of the wellhead used for treating processing or refining the substance sourced from anywhere within the area from time to time comprised in Exploration Licence..., or any Production Licence issued from an area which was comprised in Exploration Licence..., immediately prior to the time such Production Licence was issued, or in transporting such substance to the point of delivery to the purchaser such revenue shall be deemed to be part of the bona fide sales value of the substance to the intent that royalty shall be payable thereon.

(ii) Any sums, being sums deemed under clause (3)(g)(i) to be part of the bona fide value of the substances, paid by the Producer in respect of the use of such plant for treating processing or refining such substance or in transporting such substance to the point of delivery to the purchaser shall be deemed to be an expense under clause (2)(c).

(iii) If any such plant is used for treating processing or refining of the substance sourced from outside of the area referred to in clause (3)(g)(i) or in transporting such substance to the point of delivery to the purchaser any amounts which may be claimed as deductions under this clause (whether such deductions be by way of operating expenditure or capital expenditure) in respect of such plant shall be reduced by the proportion which would be obtained by the method of apportioning costs used by the Producer to ascertain the tolling fee, but any revenue received by the Producer for the use of such plant for the treating, processing or refining of such substance prior to delivery or in transporting the substance to the point of delivery to the purchaser shall not be deemed to be part of the gross sales value of the substance.

(4) Royalty Returns

(a) Not later than thirty (30 days after the conclusion of each calendar month, the Licensee will calculate and notify to the Minister the royalty, calculated by taking the bona fide sales value of the substance sold in that month, and deducting therefrom the most recent estimated monthly expenditure provided under clause (4)(c), payable by each Licensee. The Licensee shall with each such notification provide the Minister with a statement, in a form approved by the Minister, advising of the quantity of the substance sold and the amount realised upon such sale during the last preceding month, together with such other information as the Minister may require.

(b) The Licensees shall not later than thirty (30) days after the conclusion of each
calendar month pay to the Minister the amount of royalty specified in the notice referred to in clause (4)(a) as payable.

(c) On or before each 15th March (in respect of the next succeeding twelve (12) month period commencing 1st July), the Licensee shall bona fide estimate the sales volume of the substance, the sales value of the substance, the allowable deductions apportioned between capital and operational deductions and hence calculate the estimated royalty payable for the next succeeding twelve (12) month period and shall provide the Minister with such estimates, together with the apportionment thereof on a monthly basis. A review of such forecast will be required if significant change to the forecast is evident. The Licensee will be required to provide a bona fide forecast as necessary for up to a period of 5 financial years including detail as referred to above but excluding a monthly apportionment for all but the preceding twelve (12) month period.

(d) Not later than thirty (30) days after the completion of each twelve (12) month period concluding on each 30th June the Licensee shall reconcile the estimated expenditure with the actual expenditure and reconcile all calculations of royalties and shall provide the Minister within the said period of 3 days with copies of such reconciliations, together with a notice advising the Minister of any additional royalty calculated in accordance with the reconciliations as payable by each Licensee. If any such reconciliation shows that the total of the amounts of royalty paid during the last preceding 12 months was in excess of the amount of royalty which should have been paid for that period, the difference may be set off against royalty payable in the next succeeding months provided however that any expenses allowed as a deduction under clause (2)(b) to clause (2)(e) inclusive shall not be carried forward for a period of greater than 12 months from the month of expenditure.

(e) The Licensee shall not later than thirty (30) days after the completion of each twelve month period concluding on each 30th June pay to the Minister the additional royalty calculated in accordance with the reconciliation referred to in clause (4)(d) as payable by the Licensee.

(f) The Licensee shall at its cost cause the royalty calculation reconciliations submitted by the Licensee to be audited by the auditor appointed by the Licensee to audit its own accounts (provided that such auditor must be a duly registered auditor in Australia) and the Licensee shall forward a copy of the auditor's report in respect of a particular reconciliation within 3 months of the receipt of such reconciliation by the Minister, such report to be accompanied by a certificate by the auditor that the reconciliation is in accordance with these guidelines.

(g) The Minister shall in accordance with Section 43(8) of the Act assess the value at the wellhead of the substance produced by the Licensees and may require the Licensee to pay within 30 days of the date of notice of such assessment the additional royalty determined by the Minister as payable.

9.2 The Company will nominate a representative to assist the Scouting Team for the duration of the Clearance. The Company's representative shall:

(a) be responsible for identifying the location of proposed seismic lines, access road and other areas of proposed activity; and

(b) where possible, relocate these where, upon advice from the Scouting Team, there is likelihood of Areas of Significance being disturbed by Petroleum Operations; and

(c) have authority to agree any conditions with the Scouting Team so as to minimise the impact of Petroleum Operations to Areas of Significance, for the purposes of a Report required to be issued pursuant to clause 11 hereof.

9.3 The Company representative will accompany the Scouting Team into the field during the undertaking of the Clearance, subject to the Scouting Team's ability to exclude the Company's representative from its internal discussions and deliberations in the field.

9.4 In the event that a proposed Operational Area is not cleared by the Scouting Team and the Specialist shall advise the Company's representative to that effect and the Company's representative may propose alternative Operational Areas during the course of the Clearance provided that:

(a) any such alternative Operational Areas do not constitute a material modification or alteration to the Work Program referred to in clause 8.8; and

(b) in undertaking any Clearance of alternative Operational Areas the Scouting Team is not required to remain in the field for any additional period of time beyond two days, unless agreed otherwise.

9.5 Subject to the Aboriginal Heritage Act 1988 (SA) the Company shall be absolutely entitled to rely on Clearances provided by the Native Title Holders and facilitated by the Corporation pursuant to this Schedule in which case neither the Native Title Holders nor the Corporation shall complain that Petroleum Operations conducted in accordance with clauses 8, 9, 10 and 11 hereof interfered with any Areas of Significance. The Company shall be entitled to plead this provision in defence of any complaint of interference to Areas of Significance made by any person pursuant to any Applicable Law.
9.6 The Company will:
   
   (a) not conduct any Petroleum Operations on a Licence Area except within a Seismic Line Access Corridor or Work Site which has been cleared in accordance with clauses 9, 10 and 11 and Annexure A;
   
   (b) comply with the conditions of the Clearance (as referred to in clause 11); and
   
   (c) instruct its contractors, its employees, agents and visitors accordingly in relation to its obligations under sub-paragraphs (a) and (b) hereof.

10. SCOUTING TEAM

10.1 At the cost of the Company in accordance with a Budget, the Corporation will identify and the Corporation will organise the members of a Scouting Team for the purposes of this clause 10 and Annexure A and will ensure that the Scouting Team is ready to commence Clearance work within forty (40) days after the provision of particulars of the proposed Work Program in accordance with Annexure A.

10.2 Subject to cultural and traditional considerations, and any restrictions caused by inclement weather conditions which may prevent movement in the Operational Area and surrounding region, the task of the Scouting Team shall be to:
   
   (a) determine whether the seismic lines, access roads or Work Sites or any other activities described in the Work Program are likely to disturb, damage, or interfere with Areas of Significance;
   
   (b) give advance warning to the Company's representative nominated to assist the Scouting Team to enable the Company's representative to relocate parts of seismic lines, access roads or Work Sites or any other activities described in the Work Program in order to avoid and protect Areas of Significance;
   
   (c) show reasonable diligence in preparing for and carrying out such work while the Company meets its obligations pursuant to this Schedule; and
   
   (d) make every reasonable endeavour to proceed with its work at a rate that will avoid any delay to the Company's Petroleum Operations.

10.3 The Scouting Team will comprise:

   (a) up to two (2) qualified Specialists of appropriate gender to be engaged by the Corporation with the concurrence of the Company (which concurrence will not be unreasonably withheld); and
   
   (b) the number of persons required to ensure the integrity of the Clearance up to a maximum of eight (8) persons consisting of such numbers of men and women as thought by the Corporation to be appropriate in accordance with Aboriginal culture and tradition.
10.4 The Corporation acknowledges that in most areas up to four (4) persons will be sufficient to ensure the integrity of the Clearance, however they reserve the right to include up to a maximum of eight (8) people in the event that they believe it is necessary and appropriate to do so. The Corporation agrees to consult with the Company about the number of persons to be included in a Scouting Team not later than the start of negotiations for setting a budget in accordance with clause 12.

11. REPORTS

11.1 The Corporation must promptly notify the Company upon completion of a Clearance and as soon as practicable but not later than fourteen (14) days after the completion of the Clearance, the Native Title Holders and the Corporation must provide a Report (through a Specialist) to the Company.

11.2 The Report must:

(a) identify those parts of the Operational Area which are given Clearance by the Native Title Holders or denied Clearance by the Native Title Holders;

(b) identify any alternative Operational Areas for which clearance is given in accordance with the requirements set out in clauses 9.4 and 10.2(b);

(c) describe any reasonable conditions on which the Native Title Holders have provided the Clearance so as to minimise the impact of Petroleum Operations to Areas of Significance; and

(d) be signed by the Specialists.

12.8 All monies payable by the Company pursuant to a Budget shall be paid to the Corporation or to any legal representative from time to time notified by the Corporation to the Company. A receipt from the Corporation or such legal representative shall be a full and sufficient discharge to the Company for any payments so made.

ANNEXURE D TO SCHEDULE 3: GUIDELINES TO MEDIATION

The following is a guideline to the mediation process should a dispute arise and be referred to mediation pursuant to item 24 of Schedule 3.

1. **Role of Mediator**

   (a) The mediator will be neutral and impartial. The mediator will assist the parties to attempt to resolve the dispute by helping them to:
       
       (i) systematically isolate the issues in dispute;
       
       (ii) develop options for the resolution of those issues;
       
       (iii) explore the usefulness of these options; and
       
       (iv) meet their interests and needs.

   (b) The mediator may meet with the parties together or separately.

   (c) The mediator will not give legal or other professional advice to any party, impose a resolution on any party or make a decision for any party.

   (d) The mediator will not accept an appointment in relation to any proceedings concerning the dispute.

   (e) Neither party will take action to cause the mediator to breach paragraph 1(d).

2. **Conflict of Interest**

   The mediator must prior to commencement of mediation disclose to the parties to the best of the mediator’s knowledge any prior dealings with any of the parties as well as any interest in the dispute. If in the course of the mediation the mediator becomes aware of any circumstances that might reasonably be considered to affect the mediator’s capacity to act impartially, the mediator must immediately inform the parties of those circumstances.

3. **Co-Operation**

   The parties must co-operate in good faith with the mediator and each other during the mediation.

4. **Conduct of Preliminary Conference**

   As part of the mediation, the mediator will establish a preliminary conference at a time and venue convenient to the parties to establish a timetable for mediation.

5. The parties must attend the mediation with authority to settle within any range that can reasonably be anticipated. At the mediation each party may have one or more other persons including legally qualified persons to assist and advise them.
6. Communications between Mediator and Parties

Any information disclosed to a mediator in private is to be treated as confidential by the mediator unless the party making the disclosure states otherwise.

7. Confidentiality of the Mediation

The parties and the mediator will not disclose to anyone not involved in the mediation any information or document given to them during the mediation unless required by law to make such disclosure.

8. The parties and the mediator agree that other than in the course of enforcement of the settlement agreement for the dispute by judicial proceedings, the following will be privileged and will not be disclosed in or be the subject of a subpoena to give evidence or to produce documents in any proceedings in respect of the Dispute:

(a) any settlement proposal whether made by a party or the mediator;
(b) the willingness of a party to consider any such proposal;
(c) any statement made by a party or the mediator during the mediation; and
(d) any information prepared for the mediation.

9. Termination of the Mediation

A party may terminate the mediation at any time after consultation with the mediator.

10. Settlement of the Dispute

If settlement is reached at the mediation, the terms of the settlement must be written down and signed by the parties before they leave the mediation.

11. Enforcement of the Settlement Agreement

Any party may enforce the terms of the settlement agreement by judicial proceedings. Any party may call evidence:

(a) for the purposes of this clause; and
(b) of the settlement agreement including evidence from the mediator and any other person engaged in the mediation.

12. Exclusion of Liability

The parties acknowledge that any mediator appointed will not be liable to them for any act or omission in the performance of the mediator's obligations under this Deed. The parties undertake to indemnify the mediator against any claim resulting from any act or omission in the mediator's bona fide performance of the mediator's obligations under this Deed.
13. Costs

The parties are separately liable to the mediator in equal proportions for the mediator's fees.
