

Overseas Travel OHPSA (1 January – 30 June 2025)
Office of Hydrogen Power South Australia - Public Sector Employees

No of Travelers	Destination	Reason for travel	Total cost of travel*
1	Hungary	To visit the GE factory in Budapest and review progress on the technical issues and actions identified at the previous ATCO Australia visit last year, and compliance with the technical specification and specific Australian Standard requirements. Specific areas for review included the hydrogen fuel modifications, and the hazardous gas detection system.	\$8,053.49
1	Japan	To attend and exhibit at the International Hydrogen and Fuel Cell Expo being held in Tokyo, Japan. OHPSA provided insights to many industry and government stakeholders that visited the South Australian booth about South Australia's emerging hydrogen industry. OPHSA participated in a number of industry and government stakeholder meetings particularly about opportunities aligned with carbon capture utilisation and storage (CCUS), and the related potential for hydrogen industry investments in low carbon fuels (including e-methane).	\$5,177.09
