We are writing to you because of the concern of this proposal of a building construction waste crushing and recycling facility

There is great concern of the noise dust and environmental impact in the area as it is next to the river

I have a Horse Stud and train my young horses on Nth Bremer Rd there

Even though there is a horse sign warning I and others would be concerned for our safety as trucks would be excessive

Most of the residents here have resided here for the peace and tranquility

Yours sincerely
