Dear Ms Chadwick

Notification of Approved Program for Environment Protection and Rehabilitation (Program)

In reference to your submission dated 20 March 2026, the Program has been approved pursuant to section 70B(5) of the [Mining Act 1971](#) (the Mining Act).

The approved Program will be made publicly available on the Mining Register and the Department for Energy and Mining (DEM) [website](#). Details of the approved Program are listed below.

Tenement Holder	HP Resources SA Pty Ltd
Tenement Type & Number	Mining Lease (ML) 6563
Program Number	MP-05290
Name of Operation	Alexandrina Quarry

You are reminded that you must always implement and comply with the approved Program.

This approval does not constitute endorsement of the systems that you have in place to manage the mining operations in compliance with the Mining Act. Whilst your capability to undertake this activity has been considered in this approval, the responsibility for compliance with the Mining Act always remains with the tenement holder.

The legislative requirements outlined below must be actioned prior to commencement of operations authorised by the Program.

1	PEPR Condition In accordance with Section 70B97a)(b) of the Mining Act 1971, the approved Program is subject to conditions listed in the attached Notice (see Attachment 1).
----------	--

2	<p>Public Liability Insurance</p> <p>Pursuant to Regulation 81 of the Mining Regulations 2020, you are required to provide a copy of a certificate evidencing the insurance coverage over the tenement(s).</p>
3	<p>Commencement of Operations</p> <p>Notify DEM prior to commencement of mining operations on ML 6563.</p>
4	<p>Compliance Reporting</p> <p>You are required to submit an annual compliance report. The reporting period will commence from 14 Augus 2025, and the compliance report must be submitted within 2 calendar months of the recurring anniversary of the reporting period (before 14 October annually). Please refer to the DEM website for more information on the reporting requirements.</p>
5	<p>Work, Health and Safety Compliance</p> <p>In accordance with Chapter 10 of the <i>Work Health and Safety Regulations 2012 (SA)</i>, you must meet the requirements for mine operators in South Australia, which include a notification for mining operations, the establishment of a Safety Management System, the identification of Principal Mining Hazards and development of a Principal Mining Hazard Management Plan. Further information on your responsibilities, including a guide to Chapter 10, and the Mine Operator Notification Form, is available on the SafeWork SA website.</p>
6	<p>Native Vegetation</p> <p>The native vegetation clearance and payment into the Native Vegetation Fund set out in the Program is approved in accordance with my delegated powers under the <i>Native Vegetation Regulations 2017</i>.</p> <p>Please notify DEM if you would like an invoice for the SEB to be raised by the Native Vegetation Council and forwarded to you so that payment can be made.</p> <p>Please note that payment must be provided before any clearance is undertaken.</p> <p><u>For noting:</u> In accordance with the Native Vegetation Council Guide for calculating a significant environmental benefit the SEB calculation will need to be recalculated at the time of payment using the latest version of datasheets. In addition, in accordance with the Guide for a significant environmental benefit for the clearance of native vegetation associated with the minerals and petroleum industry a vegetation assessment that is 5 years old or more may require a re-assessment of the native vegetation to be cleared.</p>
7	<p>Environment Protection Authority (EPA) Authorisation</p> <p>DEM reminds you that under the requirements of the <i>Environment Protection Act 1993 (SA)</i>, you will be required to obtain an EPA Authorisation for Prescribed Activities of Environmental Significance under Schedule 1 of that Act for the Waste Recovery and Waste Reprocessing activities.</p> <p>In addition, you may be required to obtain an EPA Authorisation under Part A, Section 7(7) of the EP Act, based on the estimated annual production of up to 100,000 tonnes per annum.</p>

**8 Development Authorisation**

DEM reminds you that under the requirements of the *Planning, Development and Infrastructure Act 2016 (SA)*, you may be required to obtain Development Approval from the Alexandrina Council for the access track and Waste Recovery and Waste Reprocessing activities.

In addition to the requirements under the Mining Act, you are reminded that your operation will have other legislative requirements that you will need to comply with.

If you have any further queries, please contact DEM staff as below:

Attachment 1

Notice of Approval Condition – MP-05290

In accordance with Section 70B(7a)(b) of the *Mining Act 1971*, MP-05290 is approved subject to the following conditions:

1. The Tenement Holder must ensure the waste and recycling facility co-located on the Mining Lease is appropriately authorised.
2. The Tenement Holder must ensure the access road is appropriately authorised and constructed in accordance with those authorisations.
3. The Tenement Holder must, prior to the use of the access road on CT 6325/997, provide the Director of Minerals Regulation (or other authorised officer) a copy of the agreement(s) that allows for ongoing access to the Land via Extractive Minerals Lease (EML) 6522.
