

Firm Energy Target

Pursuant to Regulation 7 of the *National Electricity (South Australia) (Firm Energy Reliability and Orderly Exit Management) Regulations 2025*

September 2025

Notice

Pursuant to Regulation 7(1) of the *National Electricity (South Australia) (Firm Energy Reliability and Orderly Exit Management) Regulations 2025*, the Minister may make a declaration prescribing the quantity of long duration dispatchable electricity capacity that the State requires over a specified period (the Firm Energy Target).

This document outlines the Firm Energy Target (FET) declared by the Minister for Energy and Mining for the period 2026-27 to 2030-31 in respect of the Firm Energy Reliability Mechanism scheme.

FET Declaration	2026-2027	2027-2028	2028-2029	2029-2030	2030-2031
September 2025	2,300MW	2,300MW	2,300MW	2,300MW	2,300MW

Note: the Minister may at any time vary the FET or establish a new FET that is to apply in relation to an ensuing specified period.
