RECITALS

WHEREAS:

A. The Grantee Party has lodged an application for grant of an exploration licence under the Petroleum Act in respect of the Officer Basin block described in Schedule 1 (which includes land the subject of each Native Title Application) and seeks the issue of a Licence pursuant to the Petroleum Act.

B. If the grant of the Licence affects native title it will be a future act as defined in the Native Title Act.

C. The Government Party has given notice of its intention to grant the Licence in accordance with section 29 of the Native Title Act. The Government Party and the Grantee Party want certainty as to the validity of the grant of the Licence in accordance with Division 3 of Part 2 of the Native Title Act and the parties have entered into this Deed for the purpose of ensuring the validity of the Licence under the Native Title Act.

D. The Native Title Party has filed the Native Title Applications under section 13(1) of the Native Title Act, in respect of the Claimed Land.

E. The Negotiation Parties have negotiated in good faith under Subdivision P of Division 3 of Part 2 of the Native Title Act in relation to the Government Party's intention to grant the Licence.

F. The issuing of the Licence is subject to the non-extinguishment principle, as defined in section 238 of the Native Title Act.

G. If the Licence is issued to the Grantee Party in accordance with the Petroleum Act it is the intention of the parties that the grant of the Licence, and any work done pursuant to it, affects any native title rights and interests held by the Native Title Party, if at all, only to the extent necessary for the grant of the Licence and carrying out work pursuant to it, and it is the further intention of the parties that in any event, the grant of the Licence and activities under it will not extinguish or permanently affect such rights and interests.

H. Following negotiations in good faith between the Negotiation Parties, the Native Title Party has agreed to the grant of the Licence by the Government Party to the Grantee Party consequent upon the execution of this Deed.

I. The first mentioned Native Title Claim group (the Antakirinja People which includes the registered native title claimants for that group) resolved on the 15th day of October 1996 to incorporate under the Aboriginal Councils and Associations Act 1976 (Commonwealth). On the 22nd day of August 1997 the Registrar of Aboriginal Corporations incorporated the Native Title Claim Group as the Antakirinja Land Management (Aboriginal Corporation) pursuant to the Aboriginal Councils and Associations Act 1976 (Commonwealth).

J. The Negotiation Parties, all having negotiated in good faith have agreed for the better
management of interaction between them hereafter and for the purpose of more efficiently managing certain administrative functions under this Deed for the benefit of the first mentioned Native Title Party (the Antakirinja People) as are more specifically set out in this Deed, to include ALMAC as a party to this Deed.

K. The second mentioned Native Title Claim group (the Yankunytjatjara Antakirinja People which includes the registered native title claimants for that group) has not yet resolved to incorporate either itself or its management committee under either the Associations Incorporation Act 1985 (South Australia) or the Aboriginal Councils and Associations Act 1976 (Commonwealth). In the event that group does so incorporate it is intended, for the better management of interaction between the Negotiation Parties thereafter and for the purpose of more efficiently managing certain administrative functions under this Deed for the benefit of the second mentioned Native Title Party as are more specifically set out in this Deed, to admit the body corporate as a party to this Deed.

2. Payment by Grantee Party to State

The Grantee Party shall, upon receipt of an invoice, which if the Payee is making a taxable supply, must also be a tax invoice or must be accompanied by a tax invoice from the Payee, pay to the State and the State shall deposit into a trust account maintained by the State for the benefit of the Payee in respect of the production of all Petroleum from the Claimed Land and pursuant to a Licence, as a component of the consideration, 1% of the value at the well head of Petroleum produced and sold.

3. Calculations to follow Petroleum Act

Value at the well head of Petroleum produced and sold is to be calculated in the same way that 'value at the well head of Petroleum' is calculated pursuant to section 43(8) of the Petroleum Act (as at the date hereof) where the sale price is bona fide and to arms length purchaser PROVIDED that the 'Guidelines for Payment of Royalty and Provision of Information' issued by the Department of Primary Industries and Resources of South Australia from time to time (a copy of the current version of which is annexed to this Schedule 3) shall be applied mutatis mutandis as if the reference to the royalty rate of 10% therein were a reference to 1%.

(b) the Grantee Party must pay that additional amount at the same time and in the same manner as the Payment to which it relates

PROVIDED THAT the Grantee Party need not pay the additional amount unless and until the Payee has given the Grantee Party a tax invoice sufficient to enable the Grantee Party to claim any input tax credit to which it may be entitled in respect of the taxable supply.

4.3 Interpretation

(i) the amount of such deduction will be reduced by the amount obtained upon the sale of any item of plant which has not been depreciated or which has been fully depreciated, but not so as to reduce the deduction below zero,

(ii) if any such expenses are incurred pursuant to any agreement which is not bona fide or arms length, such expenses (or part thereof) shall not be deducted, and

(iii) any expenses allowed as a deduction under clause (2)(c) shall not include any expenditure provided for in clause (2)(a) or (2)(b) or (2)(d),

(d) a sum being expenses (other than expenses upstream of the wellhead) actually incurred by the Producer pursuant to a bona fide arms length agreement to lease any plant used for the purposes of treating, processing or refining of the substance prior to delivery or in transporting the substance to the point of delivery to the purchaser provided however that any such expenses in any one calendar year which is in excess of:

shall not be deductible,

(e) a sum being the actual expenses (other than expenses upstream of the wellhead) incurred by the Producer in rehabilitating the ground surface and site of plant and the actual expenses incurred in dismantling, removing or abandoning of such plant less any salvage obtained thereon where such plant is used for the purposes of treating processing or refining of the substance prior to delivery or in transporting the substance to the point of delivery to the purchaser and the actual expenses incurred in rehabilitating the ground surface and site of a well of the type described in clause (3)(b) and the actual expenses incurred in abandoning such well but not including any costs incurred as a result of the loss of control of any well.

(3) Further provisions regarding calculation of Royalty

(a) For the purposes of clause (2):-

(i) in each month the arms length sales value of the substance means the value of the actual sales in respect of the substance described in clause (1) in that month provided however that if any substance is not supplied to a bona fide
arms length purchaser, not sold for full market value, or returned to a natural reservoir for later production, destroyed, dissipated or used by the Producer not in accordance with Section 43(3) of the Act, the gross sales value of such substance shall be the amount which would have been received in respect of such substance from a *bona fide* arms length purchaser for full market value;

(ii) the term 'plant' includes but is not limited to:

(A) any machinery, equipment, vehicle, implement, tool, article, vessel, pit, building, structure, improvement or other such property used in, or in connection with, treating processing or refining of the substance prior to the delivery or in transporting the substance to the point of delivery to the purchaser; or

(B) any pipeline;

and

(iii) 'wellhead' means the casing head and includes any casing hanger or spool, or tubing hanger, and any flow control equipment up to and including the wing valves.

(b) **Non Producing Wells**

The capital expenditure referred to in clause (2)(a) may include the actual capital expenditure incurred by the Producer in respect of wells used solely for the purpose of assisting or enhancing the recovery of the substance from other wells or for the purposes of storing the substance or for the recovery of disposal of water used in connection with treating processing or refining of the substance prior to delivery or for any similar purpose other than the production of the substance and may also include the actual capital expenditure incurred by the Producer in converting a well used for the production of the substance to a well used for such other purposes.

(c) **Interest Rate**

For the purpose of clause (2)(a) the interest rate shall be one half of the long term Australian Government Bond Rate for bonds of a 10 year term as published at the end of the month in which the capital expenditure was made. If no such rate is in existence or published at the end of such period then the interest rate for the purposes of clause (2)(a) shall be one half of the average of the long term Australian Government Bond Rate for bonds of a 10 year term prevailing during the period of 5 years preceding the date on which such rate ceased to exist or be published.

(d) **Apportionment of Expenses**

Where an item of plant is used partly for the purposes of treating, processing or refining of the substance prior to delivery or in transporting the substance to the point of delivery to the purchaser, and partly for some other purpose, the amount of the deduction (whether for capital or operating expenditure) which shall be allowed shall not include the proportion of the actual capital or operating expenditure applicable to
that other purpose.

(e) **Sale of Plant**

Notwithstanding the provisions of clause (2), if an item of plant is sold by a Producer ('the first Producer') to another Producer, or to a company that becomes a successor or assign of the first Producer ('the second Producer'), the second Producer may only depreciate the plant to the extent to which the first Producer was, immediately before the time of sale, entitled to depreciate the plant.

(f) **Take or Pay**

For the purposes of this clause and of calculating the gross sales value of the substance, where the Producer enters into an agreement commonly known as a take or pay agreement, any payment received by the Producer in respect of petroleum which has been paid for but not been taken shall be treated as part of the gross sales value of the substance at the time of receipt of payment by such Producer and not at any other time.

(g) **Tolling**

(i) If the Producer receives any revenue from the use of any plant downstream of the wellhead used for treating processing or refining the substance sourced from anywhere within the area from time to time comprised in Exploration Licence ... or any Production Licence issued from an area which was comprised in Exploration Licence ... immediately prior to the time such Production Licence was issued, or in transporting such substance to the point of delivery to the purchaser such revenue shall be deemed to be part of the *bona fide* sales value of the substance to the intent that royalty shall be payable thereon.

(ii) Any sums, being sums deemed under clause (3)(g)(i) to be part of the *bona fide* value of the substances, paid by the Producer in respect of the use of such plant for treating processing or refining such substance or in transporting such substance to the point of delivery to the purchaser shall be deemed to be an expense under clause (2)(c).

(iii) If any such plant is used for treating processing or refining of the substance sourced from outside of the areas referred to in clause (3)(g)(i) or in transporting such substance to the point of delivery to the purchaser any amounts which may be claimed as deductions under this clause (whether such deductions be by way of operating expenditure or capital expenditure) in respect of such plant shall be reduced by the proportion which would be obtained by the method of apportioning costs used by the Producer to ascertain the tolling fee, but any revenue received by the Producer for the use of such plant for the treating, processing or refining of such substance prior to delivery or in transporting the substance to the point of delivery to the purchaser shall not be deemed to part of the gross sales value of the substance.
(4) Royalty Returns

(a) Not later than thirty (30) days after the conclusion of each calendar month the Licensee will calculate and notify to the Minister the royalty, calculated by taking the *bona fide* sales value of the substance sold in that month, and deducting therefrom the most recent estimated monthly expenditure provided under clause (4)(c), payable by each Licensee. The Licensee shall with each such notification provide the Minister with a statement, in a form approved by the Minister, advising of the quantity of the substance sold and the amount realised upon such sale during the last preceding month, together with such other information as the Minister may require.

(b) The Licensees shall not later than thirty (30) days after the conclusion of each calendar month pay to the Minister the amount of royalty specified in the notice referred to in clause (4)(a) as payable.

(c) On or before each 15th March (in respect of the next succeeding twelve (12) month period commencing 1st July), the Licensee shall *bona fide* estimate the sales volume of the substance, the sales value of the substance, the allowable deductions apportioned between capital and operational deductions and hence calculate the estimated royalty payable for the next succeeding twelve (12) month period and shall provide the Minister with such estimates, together with the apportionment thereof on a monthly basis. A review of such forecast will be required if significant change to the forecast is evident. The Licensee will be required to provide a *bona fide* forecast as necessary for up to a period of 5 financial years including detail as referred to above but excluding a monthly apportionment for all but the proceeding twelve (12) month period.

(d) Not later than thirty (30) days after the completion of each twelve month period concluding on each 30th June the Licensee shall reconcile the estimated expenditure with the actual expenditure and reconcile all calculations of royalties and shall provide the Minister within the said period of 30 days with copies of such reconciliations, together with a notice advising the Minister of any additional royalty calculated in accordance with the reconciliations as payable by each Licensee. If any such reconciliation shows that the total of the amounts of royalty paid during the last preceding 12 months was in excess of the amount of royalty which should have been paid for that period, the difference may be set off against royalty payable in the next succeeding months provided however that any expenses allowed as a deduction under clause (2)(b) to clause (2)(e) inclusive shall not be carried forward for a period of greater than 12 months from the month of expenditure.

(e) The Licensee shall not later than thirty (30) days after the completion of each twelve month period concluding on each 30th June pay to the Minister the additional royalty calculated in accordance with the reconciliation referred to in clause 4(d) as payable by the Licensee.

(f) The Licensee shall at its cost cause the royalty calculation reconciliations submitted by the Licensee to be audited by the auditor appointed by the Licensee to audit its own accounts (provided that such auditor must be a duly registered auditor in Australia) and the Licensee shall forward a copy of the auditor’s report in respect of a
particular reconciliation within 3 months of the receipt of such reconciliation by the Minister, such report to be accompanied by a certificate by the auditor that the reconciliation is in accordance with these guidelines.

(g) The Minister shall in accordance with Section 43(8) of the Act assess the value at the wellhead of the substance produced by the Licensees and may require the Licensee to pay within 30 days of the date of notice of such assessment the additional royalty determined by the Minister as payable.

both of C/- Casey Yoon & Co, Level 5, IEC Building, 231 Adelaide Terrace Perth Western Australia 6000 ('Explorer')

AND ANTAKIRINJA LAND MANAGEMENT (ABORIGINAL CORPORATION) C/- T J Wooley, Senior Lawyer, Aboriginal Legal Rights Movement Inc, 4th floor, 345 King William Street Adelaide South Australia 5000 ('ALMAC')
WHEREAS:

A. The Native Title Party claims native title in all of the Claimed Land and has filed Native Title Applications under section 13(1) of the Native Title Act 1993 (Commonwealth) (as amended) with the Federal Court of Australia in proceedings Numbered SG 6007/98 and SG 6022/98 for determinations of native title in respect of the Claimed Land.

B. Explorer has lodged an application for the grant of PEL 139 with the South Australian Minister for Minerals & Energy under the provisions of the Petroleum Act.

C. All or part of the land the subject of the application for the grant of the PEL is within the Claimed Land.

D. Explorer does not dispute that members of the Native Title Claim Groups assert native title rights and interests over Claimed Land including within the Licence Area.

E. The Parties having negotiated in good faith, intend that this Agreement shall provide:

   (a) certain terms and conditions with which Explorer has agreed to abide in the course of carrying out Petroleum Operations on the Licence Area; and

   (b) the methodology for the identification and protection of Areas of Significance.

F. Explorer's obligations under this Agreement are not dependent upon the Native Title Party establishing native title over the Licence Area or obtaining a determination of native title.

G. The first mentioned Native Title Claim group (the Antakirinja People which includes the registered native title claimants for that group) resolved on the 15th day of October 1996 to incorporate under the Aboriginal Councils and Associations Act 1976 (Commonwealth). On the 22nd day of August 1997 the Registrar of Aboriginal Corporations incorporated the Native Title Claim Group as the Antakirinja Land Management (Aboriginal Corporation) ('ALMAC') pursuant to the Aboriginal Councils and Associations Act 1976 (Commonwealth).

H. The Native Title Party and Explorer having negotiated in good faith have agreed for the better management of interaction between them hereafter to include ALMAC as a party to this Agreement for the purpose of more efficiently managing certain administrative functions under this Agreement for the benefit of the first mentioned Native Title Claim group (the Antakirinja People which includes the registered native title claimants for that group) as are more specifically set out in this Agreement.
The second mentioned Native Title Claim group (the Yankunytjatjara Antakirinja People which includes the registered native title claimants for that group) has not yet resolved to incorporate under either the Associations Incorporation Act 1985 (South Australia) or the Aboriginal Councils and Associations Act 1976 (Commonwealth). In the event that group does incorporate it is intended, for the better management of interaction between them hereafter and for the purpose of more efficiently managing certain administrative functions under this Deed for the benefit of the Native Title Party as are more specifically set out in this Deed, to admit the body corporate as a party to this Deed.

6.2 Notwithstanding the provisions of this Agreement relating to inspection and clearing of Operational Areas, the Native Title Party acknowledges that in order efficiently to carry out the purposes of this Agreement, it may be necessary for Explorer to enter onto the Licence Area to undertake Reconnaissance Surveys and the parties agree that the provisions contained in clauses 11, 12 and 13 and Schedule 3 hereof do not apply to Reconnaissance Surveys where:

(a) Explorer is conducting the Reconnaissance Surveys pursuant to existing legal rights and by making visual observations in the vicinity thereof to facilitate a request under clause 10 hereof; or

7.1 The Native Title Party, ALMAC and YAMC (or either of them, as the case requires) acknowledge the grant to Explorer of a Licence in respect of the Licence Area authorises Explorer, its contractors, sub-contractors, employees, agents and visitors to enter upon the Licence Area at all times and to commence and proceed with Petroleum Operations.

7.2 ALMAC and YAMC (or either of them, as the case requires) may object in writing upon reasonable grounds to a person having access to the Licence Area and Explorer shall ensure that, as far as is possible within its power, such person or persons shall not enter upon the Licence Area.
8. IDENTIFICATION AND CONSULTATION

8.1 Explorer shall notify ALMAC and YAMC (or either of them, as the case requires) of the name of the representative of Explorer responsible for Petroleum Operations from time to time on the Licence Area, such notice to be given fourteen (14) days in advance in writing where practicable.

8.2 Explorer shall inform all of its contractors, employees, agents and visitors of the obligation upon them to contain Petroleum Operations within Seismic Line Access Corridors or Work Sites which have been inspected and cleared in accordance with clauses 11, 12 and 13 and Schedule 3 of this Agreement and to comply with all conditions consistent with this Agreement.

8.4 The Consultation Committee shall comprise 1 representative nominated by each of ALMAC and YAMC and 2 representatives nominated by Explorer. Other people may attend the meetings if invited by a representative with the consent of the other representatives.

8.7 Where meetings are held at other than either Coober Pedy or Marla Explorer shall pay all reasonable expenses incurred by representatives of ALMAC and YAMC in accordance with a budget for that meeting previously agreed by Explorer.

9. PETROLEUM OPERATIONS

Explorer shall at all times upon the Licence Area:

(a) comply with the provisions of the Petroleum Act and any Licence granted to Explorer thereunder;

(b) comply with the environment protection procedures required by all Applicable Laws relevant to its Petroleum Operations;

(c) conduct itself in accordance with good and accepted petroleum industry practice standards;
(d) ensure that as far as is reasonably practical its Petroleum Operations cause minimum disturbance to the Licence Area; and

(e) use good and accepted petroleum industry practice to avoid oil spills or blowouts.

10. NOTIFICATION OF OPERATIONS

10.1 Subject to the provisions of clauses 11, 12 and 13 and Schedule 3 hereof, Explorer shall provide ALMAC and YAMC (or either of them, as the case requires) at least sixty-eight (68) days in advance of Petroleum Operations being conducted in an Operational Area a written request for a Clearance on that Operational Area accompanied by particulars in writing of the following parts of Explorer's proposed work programme, namely:

(a) the proposed location of seismic lines and access roads;

(b) the proposed approximate location of Work Sites;

(c) the proposed method of seismic operations (specifically whether two or three dimensional seismic operations over specific areas) and other consequential operations, including exploration drilling and testing and the proposed construction or use of access roads in such operations;

(d) the major items of equipment proposed to be used;

(e) the location of any proposed earthworks for the disposal of any waste material arising out of Petroleum Operations;

(f) the location of any proposed earthworks for minimising environmental disturbance or pollution, including oil spills and blowouts;

(g) the proposed site and nature of any buildings or structures (including pipelines and associated facilities); and

(h) any other aspect of the Petroleum Operations which is likely to have an adverse impact upon or cause substantial disturbance to native title rights and interests in any part of the Licence Area.

10.2 Prior to the expiration of fourteen (14) days (or such other period as the parties agree) after Explorer has requested a Clearance and provided the particulars of its proposed work programme in accordance with the preceding paragraph of this clause 10, Explorer and ALMAC and YAMC (or either of them, as the case requires) by their respective representatives and advisors, shall meet. The purpose of such meeting shall be:

(a) to discuss the proposed work programme and its practical implementation including matters such as access to existing tracks, topography, the work programme envisaged (including disturbance to the physical environment) and the major items of equipment to be used;
(b) to identify aspects of the proposed work programme and proposed Clearance where efficiencies can be implemented; and

(c) to discuss arrangements for preliminary access by Explorer for Reconnaissance Surveys so as to avoid adverse impact on native title rights and interests in the physical environment.

10.3 If ALMAC and YAMC (or either of them, as the case requires) are not reasonably satisfied with the particulars of the Petroleum Operations given pursuant to paragraph 10.1 hereof, ALMAC and YAMC (or either of them, as the case requires) may, prior to the proposed commencement of Petroleum Operations request Explorer to provide and Explorer shall provide, reasonable further particulars of such proposed Petroleum Operations.

10.4 ALMAC and YAMC (or either of them, as the case requires) may object to the proposed Petroleum Operations referred to in paragraph 10.1 provided:

(a) the objection is made in writing within fourteen (14) days of receipt of the work programme; and

(b) the matter objected to is likely to have a material adverse impact or cause substantial disturbance to native title rights and interests in the Licence Area.

10.5 In the event that ALMAC and YAMC (or either of them, as the case requires) has a specific objection to any part of the particulars of the proposed Petroleum Operations supplied by Explorer under paragraph 10.1, or to any substantial change therein of which notice has been given under paragraph 10.8:

(a) ALMAC and YAMC (or either of them, as the case requires) shall refer such objection for resolution pursuant to clause 27 within fourteen (14) days of being supplied with such particulars or given such notice;

(b) that part of the existing, intensified or changed operational programme to which objection is taken shall not commence until the objection is resolved pursuant to clause 27;

(c) provided always that objection may only be taken where the matter objected to is likely to have a material adverse impact upon or cause substantial disturbance to native title rights in the Licence Area; and

(d) if no such specific objection is raised within the said fourteen day period by ALMAC and YAMC (or either of them, as the case requires), Explorer may proceed on the basis that the particulars provided by Explorer pursuant to this clause 10 constitute the details of the work programme for its Petroleum Operations.

10.6 Where ALMAC and YAMC (or either of them, as the case requires) receives a request for Clearance pursuant to paragraph 10.1 in respect of an Operational Area or part thereof and the Operational Area or part thereof has been the subject of prior
inspection and Clearance (where the previous work programme is substantially similar to the current request) in accordance with the terms and conditions of this Agreement, ALMAC and YAMC (or either of them, as the case requires) shall by notice in writing within two (2) weeks of the request notify Explorer that such Operational Area or part thereof shall be deemed to have been inspected and cleared in accordance with the requirements of this Agreement and subject to any conditions applicable to that Clearance.

10.7 There can be no material modification or alteration of any part of a work programme without the written consent of ALMAC and YAMC (or either of them, as the case requires). For this purpose, 'material modification or alteration' means a modification or alteration:

(a) of any Operational Area other than a reduction in the size of that area; or

(b) of any Petroleum Operations to be carried out at an Operational Area which is reasonably likely to result in a substantially greater environmental impact than that arising from the existing work programme.

10.8 Explorer shall give notice to ALMAC and YAMC (or either of them, as the case requires) if Explorer at any time proposes to implement a material modification or alteration. Where Explorer gives such notice after obtaining a Clearance the parties shall proceed in accordance with paragraph 13.6.

10.9 Subject to the Aboriginal Heritage Act 1988 (South Australia), where Explorer has duly complied with the processes required of it:

(a) pursuant to paragraph 10.1, and no Clearance is conducted within 68 days (or such later time as the parties in writing agree); or

(b) pursuant to paragraph 10.8 for the circumstances set out in sub-paragraph 13.6(b), and no Clearance is conducted within 14 days (or such later time as the parties in writing agree); or

(c) pursuant to paragraph 10.8 for the circumstances set out in sub-paragraph 13.6(c), and no Clearance is conducted within 2 days (or such later time as the parties in writing agree)

then it is acknowledged Explorer shall be at liberty to proceed with its Petroleum Operations at its risk.

11. INSPECTION AND CLEARANCE

11.1 The parties shall conduct all activities under this clause in accordance with Schedules 3 and 4.

11.2 The parties acknowledge that this Agreement is made for the purpose, inter alia, of providing a Clearance as a workable and effective arrangement to avoid disturbance to Areas of Significance and thereby avoid disputes between them.
11.3 Explorer will nominate a representative to assist the Survey Team for the duration of the Clearance. Explorer’s representative shall:

(a) be responsible for identifying the location of proposed seismic lines, access roads and other areas of proposed activity; and

(b) where possible, for relocating these where, upon advice from the Survey Team, there is likelihood of Areas of Significance being disturbed by Petroleum Operations; and

(c) have authority to agree any conditions with the Survey Team so as to minimise the impact of Petroleum Operations to Areas of Significance, for the purposes of a Report required to be issued pursuant to clause 13 hereof.

11.4 Explorer’s representative shall accompany the Survey Team when required to do so subject to the Survey Team’s ability to exclude Explorer’s representative from its internal discussions and deliberations in the field.

11.5 In the event that a proposed Operational Area is not cleared by the Survey Team the Specialist shall advise Explorer’s representative to that effect and Explorer’s representative may propose alternative Operational Areas during the course of the Clearance provided that:

(a) any such alternative Operational Areas do not constitute a material modification or alteration to the work programme referred to in paragraph 10.8; and

(b) in undertaking any Clearance of alternative Operational Areas the Survey Team is not required to remain in the field for any additional period of time beyond two days, unless agreed otherwise.

11.6 Subject to the Aboriginal Heritage Act 1988 (South Australia) Explorer shall be absolutely entitled to rely on Clearances provided by the Native Title Party and facilitated by ALMAC and YAMC pursuant to this Agreement in which case neither the Native Title Party, ALMAC nor YAMC shall complain that Petroleum Operations conducted in accordance with clauses 10, 11, 12 and 13 hereof interfered with any Areas of Significance. Explorer shall be entitled to plead this provision in defence of any complaint of interference to Areas of Significance made by any person pursuant to any Applicable Law.

11.7 Explorer will:

(a) not conduct any Petroleum Operations on the Licence Area except within a Seismic Line Access Corridor or Work Site which has been cleared in accordance with clauses 11, 12, and 13 and Schedule 3 hereof;

(b) comply with the conditions of the Clearance (as referred to in clause 13 hereof); and
(c) instruct its contractors, its employees, agents and visitors accordingly in relation to its obligations under sub-paragraphs (a) and (b) hereof.

12. **SURVEY TEAM**

12.1 At the cost of Explorer in accordance with a Budget, the Native Title Party and ALMAC and YAMC will identify and ALMAC and YAMC (or either of them, as the case requires) will organise the members of a Survey Team for the purposes of this clause 12 and Schedule 3 and will ensure that the Survey Team is ready to commence Clearance work within forty (40) days after the provision of particulars of the proposed work programme in accordance with Schedule 3.

12.2 Subject to cultural and traditional considerations, and any restrictions caused by inclement weather conditions which may prevent movement in the Operational Area and surrounding region, the task of the Survey Team shall be to:

(a) determine whether the seismic lines, access roads or work sites or any other activities described in the work programme are likely to disturb, damage, or interfere with Areas of Significance;

(b) give advance warning to Explorer’s representative nominated to assist the Survey Team to enable Explorer’s representative to relocate parts of seismic lines, access roads or Work Sites or any other activities described in the work programme, in order to avoid and protect Areas of Significance;

(c) show reasonable diligence in preparing for and carrying out such work while Explorer meets its obligations pursuant to this Agreement; and

(d) make every reasonable endeavour to proceed with its work at a rate that will avoid any delay to Explorer’s Petroleum Operations.

12.3 **Survey Team Composition**

The Survey Team will comprise:

(a) up to two (2) qualified Specialists of appropriate gender to be engaged by ALMAC and YAMC (or either of them, as the case requires) with the concurrence of Explorer (which concurrence will not be unreasonably withheld); and

(b) the number of persons required to ensure the integrity of the Clearance up to a maximum of eight (8) persons consisting of such numbers of men and women as thought by the Native Title Party and ALMAC and YAMC (or either of them, as the case requires) to be appropriate in accordance with Aboriginal culture and tradition; and

(c) up to two (2) interpreters being one male and one female as thought by the Native Title Party and ALMAC and YAMC (or either of them, as the case requires) to be appropriate in accordance with Aboriginal culture and tradition. In the interests of containing numbers of persons for economy,
the native title party and each of ALMAC and YAMC shall use their respective best endeavours to derive the interpreters from the group of persons selected for the purposes of sub-paragraph (b) of this clause 12.3.

12.4 The Native Title Party and ALMAC and YAMC acknowledge that in most areas up to six (6) persons will be sufficient to ensure the integrity of the Clearance, however they reserve the right to include up to a maximum of eight (8) people in the event that they believe it is necessary and appropriate to do so. ALMAC and YAMC (or either of them, as the case requires) agree to consult with Explorer about the number of persons to be included in a Survey Team not later than the start of negotiations for setting a Budget in accordance with clause 14.

13. REPORTS

13.1 ALMAC and YAMC (or either of them, as the case requires) must promptly notify Explorer upon completion of a Clearance and as soon as practicable but no later than fourteen (14) days after the completion of the Clearance, the Native Title Party and ALMAC and YAMC (or either of them, as the case requires) must provide a Report (through a Specialist) to Explorer.

13.2 The Report must:

(a) identify those parts of the Operational Area which are given Clearance by the Native Title Party or denied Clearance by the Native Title Party;

(b) identify any alternative Operational Areas for which Clearance is given in accordance with the requirements set out in paragraphs 11.5 and 12.2(b);

(c) describe any conditions on which the Native Title Party has provided the Clearance so as to minimize the impact of Petroleum Operations to Areas of Significance; and

(d) be signed by the Specialists.

13.3 Nothing in this Agreement compels the Native Title Party nor any member of the Survey Team or ALMAC or YAMC to disclose to Explorer or to the Explorer's representative the location of Areas of Significance, or any Cultural Confidences whatsoever with respect to the Licence Area.

13.4 The Native Title Party and ALMAC and YAMC shall ensure that any Aboriginal persons accompanying the Survey Team shall have knowledge of the Operational Area to be cleared and shall have the traditional knowledge and authority to determine whether there are any Areas of Significance within the Operational Area to be cleared.

13.5 In the event that the Survey Team determines it is necessary to deviate any proposed seismic line or access road, such deviation shall be made as small as possible and any deviated line or road will be returned to the original planned line or road as soon as practicable, bearing in mind the proximity of any Areas of Significance and the need to minimise unduly sharp line deflections. In the event that relocation of a
proposed drill site for an exploration appraisal or development well is being considered, any movement of the proposed drill site shall be minimised so far as possible.

13.6 In the event that Explorer has obtained a Clearance pursuant to this Agreement and subsequent events cause Explorer to require any material modification or alteration (as defined in paragraph 10.7) to any part of the programme of Petroleum Operations or an existing cleared Seismic Line Access Corridor or Work Site which is likely to have an adverse impact upon native title rights in any part of the Licence Area:

(a) Explorer shall notify ALMAC and YAMC (or either of them, as the case requires) as soon as practicable and request that the Survey Team inspects and clears each area to be included in such proposed material modification or alteration in accordance with the provisions of this Agreement;

(b) in such cases (other than circumstances set out in the next sub-paragraph of this paragraph) the Native Title Party and ALMAC and YAMC (or either of them, as the case requires) shall use their respective best endeavours promptly and as soon as practicable to respond to such request, either by notifying Explorer in writing of its consent to such material modification or alteration or ensuring the commencement by a Survey Team of the inspection for Clearance of those areas as requested by Explorer; and

(c) in cases where Petroleum Operations are in the course of being conducted and the Survey Team has inspected the areas requested by Explorer in accordance with sub-paragraph (a) of this paragraph 13.6 the Survey Team will report to Explorer the results of its inspection prior to leaving the area and confirm those results in a Report.

14. BUDGETS AND PAYMENT BY EXPLORER FOR CLEARANCE WORK

14.1 ALMAC and YAMC (or either of them, as the case requires) must, unless otherwise agreed, within fourteen (14) days after receipt of a request for a Clearance pursuant to paragraph 10.1 submit to Explorer a proposed Budget containing an estimate of all of the costs and expenses associated with the requested Clearance to enable Explorer and ALMAC and YAMC (or either of them, as the case requires) to negotiate and agree a Budget.

14.2 Budgets must be proposed in substantially the form set out in Schedule 5 and be negotiated, agreed and adopted by Explorer and ALMAC and YAMC (or either of them, as the case requires) in writing within seven (7) days of ALMAC and YAMC (or either of them, as the case requires) providing a proposed Budget to Explorer.

14.3 Explorer will make payment of expenditure in accordance with the agreed Budget, to ALMAC and YAMC (or either of them, as the case requires) in three separate instalments as follows:

(a) forty percent (40%) seven (7) days prior to the mobilisation of the Survey Team; and
(b) thirty percent (30%) at the end of field inspection for the Clearance; and

(c) thirty percent (30%) or the balance thereof following receipt of the Report and an invoice of all expenditure.

14.4 Explorer must pay all reasonable costs, fees, disbursements and expenses incurred by ALMAC and YAMC (or either of them, as the case requires) in carrying out a Clearance, in accordance with a Budget and subject to any agreement in writing to the contrary between the Parties. In particular, Explorer will reimburse ALMAC and YAMC (or either of them, as the case requires) in accordance with an agreed Budget for the reasonable costs of ALMAC and YAMC for, inter alia:

(a) the services of the members of the Survey Team (including the costs of preliminary consultation with a Specialist);

(b) provision of suitable camping facilities and food and a camp cook for the Survey Team;

(c) provision of sufficient and appropriate all-terrain four-wheel drive (4WD) vehicles equipped with appropriate spare parts;

(d) vehicle insurance, fuel and costs of any necessary and unavoidable repair required; and

(e) administration costs associated with the implementation of the Clearance,

in accordance with the Budget.

14.5 In the event that there are at any time more persons forming part of the Survey Team than specified in the Budget then Explorer shall not be responsible for the expense of the additional persons, unless otherwise agreed between the parties.

14.6 All monies payable by Explorer pursuant to a Budget shall be paid to ALMAC and YAMC (or either of them, as the case requires) or to their respective legal representatives from time to time notified by ALMAC or YAMC to Explorer. A receipt from ALMAC, YAMC or their respective legal representatives shall be a full and sufficient discharge to Explorer for any payments so made.

14.7 The parties acknowledge that no contractual relationship of any sort whatsoever as between Explorer and any person employed or engaged by ALMAC and YAMC or either of them to form part of any Survey Team arises by virtue of this Agreement, and that nothing contained in this Agreement will be interpreted or deemed to constitute any employment or contractual relationship as between such persons and Explorer. The Native Title Party and each of ALMAC and YAMC will ensure compliance with all Applicable Law including the Workers Rehabilitation and Compensation Act 1986, the Occupational Health, Safety and Welfare Act 1986, the Income Tax Assessment Act 1936 or the Income Tax Assessment Act 1997 (both Commonwealth) as appropriate and any other legislation relevant to the terms or basis upon which ALMAC and YAMC or either of them engages or retains any person for the purposes of performing its obligations under this Agreement.
14.8 Explorer is responsible for and indemnifies and agrees to keep indemnified the members of the Survey Team from and against all and any claims of whatever nature and however arising for personal injury or death or damage or destruction of personal property of the Survey Team or any member of the Survey Team to the extent caused or contributed to by any negligent act or omission of Explorer, its employees, contractors or subcontractors.

14.9 Explorer may nominate the use of such of its existing facilities and equipment as is practicable in the circumstances of a proposed Clearance in which case consideration will be given to such use and, where used, due allowance made in the Budget for that Clearance.

15. REMOVAL OF EMPLOYEES

15.1 Unless ALMAC and YAMC (or either of them, as the case requires) otherwise agrees, Explorer shall take all reasonable steps to ensure prompt removal from the Licence Area of any contractor, employee, agent, or visitor of Explorer, who:

(a) has recklessly or wilfully trespassed on or in any way interfered with any Areas of Significance; or

(b) has negligently or wilfully conducted Petroleum Operations outside any Seismic Line Access Corridor or Work Site cleared in accordance with clauses 11, 12 and 13 and Schedule 3 hereof except where there is no damage to the interests of the Native Title Party; or

(c) has acted in a disorderly manner on the Licence Area or has supplied liquor or prohibited drugs or substances in an unauthorised fashion to members of the Native Title Claim Group.

15.2 In the event of a dispute between ALMAC and YAMC (or either of them, as the case requires) and Explorer as to whether a person has acted in a manner justifying removal from the Licence Area the matter shall be referred for resolution pursuant to clause 27.

16. INSTRUCTION IN ABORIGINAL CULTURE

16.1 Explorer will use reasonable endeavours to educate all employees, contractors and sub-contractors who may be involved in Petroleum Operations contemplated by this Agreement to ensure those persons have an awareness and an understanding of:

(a) native title;

(b) their obligations under the Aboriginal Heritage Act 1988 (South Australia), the Aboriginal and Torres Strait Islander Heritage Protection Act (1984) (Commonwealth), the Native Title Act and this Agreement in relation to avoiding disturbance, damage and interference to any Area of Significance; and

(c) any other matters of which those persons are required to be cognisant by this Agreement.
16.2 Appropriate education for the purposes of paragraph 16.1 shall include, for those persons whose duties will involve them in actual disturbance to or excavation of earth, basic instruction from a qualified archaeologist to enable them to identify human skeletal remains and archaeological sites and objects which may be buried in the earth.

16.3 An archaeologist to be engaged for the purpose of carrying out the education functions specified in this clause shall be nominated by Explorer with the concurrence of ALMAC and YAMC (or either of them, as the case requires) (which concurrence shall not be unreasonably withheld).

16.4 Explorer shall promote among non-Aboriginal people employed in Petroleum Operations a knowledge, understanding and respect for the tradition and culture of the Native Title Claim Group.

16.5 Explorer shall ensure that by way of background and orientation all non-Aboriginal employees and personnel are given appropriate instruction on such aspects of the Native Title Claim Group's traditions, history and culture as are known to or reasonably obtainable by Explorer.

16.6 Explorer shall consult with and have regard to the views of the Native Title Party in relation to the formulation and presentation of the instruction referred to in the previous paragraph of this clause.

16.7 ALMAC and YAMC (or either of them, as the case requires) shall, whenever requested by Explorer so to do give all reasonable assistance to Explorer in attaining the objectives of this clause and shall be reimbursed by Explorer for all reasonable expenses incurred by it in so doing.

17. EXPLORER COVENANTS

Explorer covenants with the Native Title Party that:

(a) in connection with the conduct of Petroleum Operations by it on the Licence Area Explorer shall in accordance with Applicable Law:

(i) keep each Work Site to the minimum area considered necessary to conduct efficient Petroleum Operations;

(ii) take all precautions to reduce fire risk on the Licence Area;

(iii) ensure all well sites are capped or sufficiently fenced off after drilling so as to prevent injury to persons or stock.

(b) where Explorer reasonably believes appropriate, Explorer will provide to persons from the Native Title Claim Group, ALMAC, YAMC and persons accompanying them, relevant:

(i) driver training, hard hats, hats, ear plugs, safety glasses, safety vests, sunscreen and such other items of personal safety; and
(ii) induction procedures to meet all necessary workplace health and safety requirements

as Explorer normally provides to, or usually requires of, persons attending locations under the control of Explorer.

(c) if, at any time in the course of carrying out Petroleum Operations Explorer or any person acting on behalf of Explorer (despite a Clearance) identifies any burial site or any archaeological or historical site or object, or any site or object which Explorer or any person acting on behalf of Explorer suspects to be an Area of Significance or Aboriginal object, then in addition to obligations under the Aboriginal Heritage Act 1988 (South Australia) and the Aboriginal and Torres Strait Islander Heritage Protection Act 1984 (Commonwealth) Explorer will promptly report the location of such site or object to ALMAC and YAMC (or either of them, as the case requires).

(d) the location of the site or object will be treated by Explorer as though no Clearance in relation to it had previously been given and any relevant object will be left in situ without being moved or interfered with pending further Clearance in accordance with this Agreement.

18. THE NATIVE TITLE PARTY COVENANTS

The Native Title Party and ALMAC and YAMC covenant with Explorer that the Native Title Claim Group and ALMAC and YAMC shall:

(a) not interfere with the conduct of Petroleum Operations upon the Licence Area except in accordance with this Agreement or any other agreement between the parties;

(b) not lodge or make any objection to any grant to Explorer pursuant to the Petroleum Act unless Explorer has failed to comply with any Essential Term; and

(c) actively support Explorer's efforts to procure all approvals, consents, and other entitlements and rights (and all regrants, renewals and extensions thereof) as are or will be necessary to support the interests of Explorer in furthering a Project under any current, new or amended legislation. In particular, such active support will include provision of all relevant consents and authorisations to allow the grant of the said approvals, consents and other entitlements and rights and assistance to procure the withdrawal of any objections thereto;

(d) actively assist Explorer where a Native Title Claim is made by any Aboriginal person not bound by this Agreement over:

(i) any part of a Licence Area, or

(ii) any other area utilised or intended to be utilised in relation to a Project
to support the application of this Agreement in relation to Petroleum Operations and the Project (or either of them);

(e) ensure that where Explorer provides the items mentioned in Clause 17(h) for the use of the persons mentioned in that clause, then all the persons so provided will utilise those provisions and otherwise conduct themselves in accordance with Explorer's reasonable safety requirements;

(f) refrain from doing any act which would impede, hinder or prevent Explorer from exercising or enjoying directly or indirectly any of the rights granted or consented to under the Deed and this Agreement; and

(g) in the course of performing their obligations pursuant to this Agreement observe all Applicable Law.

19. **RIGHTS OF THE NATIVE TITLE PARTY**

19.1 Explorer acknowledges that members of the Native Title Claim Group have the right, except where their presence may cause danger to health and safety, or where their presence may interfere with the conduct of efficient Petroleum Operations:

(a) to move freely throughout Operational Areas including all roads thereon; and

(b) to pursue customary and traditional activities in Operational Areas.

19.2 The Native Title Claim Group, its members and agents shall be permitted the use of all roads constructed for the purpose of Petroleum Operations provided such use does not interfere with the conduct of efficient Petroleum Operations.

19.3 The use of roads in accordance with this clause shall be subject to reasonable control by Explorer: for the purpose of safety and to priority of use by Explorer for the purpose of Petroleum Operations without Explorer undertaking any liability for such use.

19.4 ALMAC and YAMC shall be entitled to select and engage all such employees, agents and independent contractors as are necessary and desirable for the carrying out of any or all of the obligations of ALMAC and YAMC (or either of them, as the case requires) under this Agreement save that any Specialist engaged by ALMAC and YAMC (or either of them, as the case requires) for assistance with Clearances must be engaged with the concurrence of Explorer in accordance with paragraph 12.3(a).

20. **RIGHTS OF EXPLORER**

20.1 Explorer's right to conduct Petroleum Operations in the Licence Area remain specified by the Petroleum Act and terms of grant of a Licence.

20.2 In the exercise of its rights Explorer undertakes to observe and perform the terms of this Agreement and neither the Native Title Party, ALMAC nor YAMC will cause Explorer disturbance or interruption in the course of exercising that right and the
discharge of Explorer's legal obligations and duties in respect thereof, in particular under the Petroleum Act and a Licence and any other legislative or administrative requirements relating to the carrying out of Petroleum Operations.

20.3 In the event of any emergency situation occurring on a Licence Area at any time Explorer may take such measures as it considers necessary in the circumstances in which case the provisions contained in clauses 11, 12 and 13 and Schedule 3 do not apply. Explorer shall notify as soon as reasonably practicable, ALMAC and YAMC (or either of them, as the case requires) of the emergency situation, and after the emergency consult with ALMAC and YAMC (or either of them, as the case requires) in relation to further measures to be taken in respect thereof.

21. REVERSION OF INFRASTRUCTURE

Within the period of twelve calendar months (or such other time as may be agreed between the parties) after Explorer ceases to have any right to conduct operations in the Licence Area, Explorer shall remove from the Licence Area all surface infrastructure or facilities constructed for the purposes of Petroleum Operations which (subject to the Petroleum Act) are reasonably capable of removal other than those which Explorer, any lessee of the land containing the Licence Area, all government regulatory agencies and ALMAC and YAMC (or either of them, as the case requires) agree may remain thereon.

22. FIELD DEVELOPMENT AND PRODUCTION

The parties acknowledge that at any time during or after completion of the Petroleum Operations carried out pursuant to a PEL, Explorer may wish to apply for further or other Licences under the Petroleum Act in respect of the whole or any part of the Licence Area. In the event of Explorer so applying, and any further or other Licence being granted by the Minister, unless the parties otherwise agree, the provisions of this Agreement shall apply mutatis mutandis in relation to the conduct of Petroleum Operations on the further or other Licence so granted.

23. FORCE MAJEUORE

23.1 In the event that the performance of this Agreement by a party is prevented or delayed in whole or in part by acts of God, flood, fire or damage caused by lightening, storm, tempest, unseasonable rains, strikes, lockouts or other industrial disturbance, riots, blowouts, laws, rules, regulations, or directions of a governing body having jurisdiction over the Licence Area, religious or other ceremonial activities of members of the Native Title Claim Group, inability to obtain equipment or material or any other causes which by the exercise of due diligence that party is unable to prevent or overcome ('force majeure'), this agreement shall nevertheless continue and remain in force and effect but that party shall not be in default hereunder for as long as it continues to be prevented or delayed as aforesaid by such force majeure and the time within which such party is required to perform any work to satisfy any obligations hereunder shall be extended by a period equivalent to that during which such prevention or delay continues provided that:
(a) the cause of the force majeure as far as possible shall be remedied with all reasonable dispatch by such party; and

(b) no party shall be required to settle any strike, lockout, or other industrial disturbance on terms that it does not regard as satisfactory.

23.2 The party affected by any event of force majeure as aforesaid shall forthwith give notice in writing thereof to each other party of the occurrence of such event, the likely period of delay and the cessation thereof.

24. ASSIGNMENT

24.1 Explorer may transfer the whole or any part of its interest, rights or obligations under this Agreement to a transferee of any interest in a Licence provided:

(a) such transferee is approved by the Minister for the purposes of the transfer of the interest in the Licence; and

(b) the proposed transferee executes in favour of the Native Title Party and ALMAC and YAMC (or either of them, as the case requires) a deed of assumption undertaking to observe and comply with all that proportion of the obligations of Explorer under this agreement which are commensurate with the rights transferred to it by Explorer.

24.2 In the event that the second mentioned Native Title Claim group (the Yankuntutjatjara Antakirinja People which includes the registered native title claimants for that group) duly resolves to incorporate either itself or its management committee under the Associations Incorporation Act 1985 (South Australia) or the Aboriginal Councils and Associations Act 1976 (Commonwealth) it is intended that for the better management of interaction between them and the other parties thereafter and for the purpose of more efficiently managing certain administrative functions under this Deed for the benefit of the second mentioned Native Title Party as are more specifically set out in this Deed, to admit the body corporate as a party to this Deed. Admission of such a body corporate shall be effected by all the parties executing a deed of adoption and assumption in substantially the form of the draft deed contained in Schedule 8 of this Deed.

25. CONFIDENTIAL INFORMATION

25.1 Explorer agrees to keep confidential each and every Cultural Confidence of which it becomes aware.

25.2 The Native Title Party, ALMAC and YAMC agree to keep confidential all aspects of Explorer's activities pertaining to a Licence of which it becomes aware.

26. GOODS & SERVICES TAX

26.1 Subject to paragraph 26.3 Explorer must pay to ALMAC and YAMC (or either of them, as appropriate) in respect of any taxable supply made to Explorer pursuant to
or in connection with this Agreement an amount equal to any GST which is payable by ALMAC and YAMC (or either of them).

26.2 The GST on a taxable supply is the amount ascertained by multiplying:

(a) the amount that would otherwise be payable under this Agreement in respect of the taxable supply if the GST payable were nil, by

(b) the prevailing rate of GST for that taxable supply.

26.3 Explorer must pay to ALMAC and YAMC (or either of them, as appropriate) an amount equal to the GST on a taxable supply, provided ALMAC and YAMC (or either of them, as appropriate) has first issued to Explorer a tax invoice, at the same time and in the same manner as it is required to pay any other amount to ALMAC and YAMC (or either of them) in respect of that taxable supply. If no other amount is payable by Explorer to ALMAC or to YAMC in respect of that taxable supply, Explorer must pay to ALMAC and YAMC (or either of them, as appropriate) an amount equal to the GST on that taxable supply twenty-eight (28) days after the receipt by Explorer of a tax invoice from ALMAC and YAMC (or either of them).

26.4 For the purposes of the *GST Act*, Explorer shall be regarded as having requested a tax invoice from ALMAC and YAMC (or either of them, as appropriate) in respect of each taxable supply. Any tax invoice issued may be issued in addition to any other invoice that relates to the taxable supply.

26.5 If an adjustment event has occurred in respect of a supply made pursuant to or in connection with this Agreement, the party that becomes aware of the adjustment event agrees to notify the other party on becoming aware of the adjustment event, and the parties agree to take whatever steps are necessary and to make whatever adjustments are required to ensure that any GST or additional GST on that supply or any refund of any GST (or part thereof) is paid as soon as is practicable but no later than twenty-one (21) days after ALMAC and YAMC (or either of them, as appropriate) becomes aware that the adjustment event has occurred.

26.6 ALMAC and YAMC (or either of them, as appropriate) will issue to Explorer an adjustment note in respect of a supply that is subject to an adjustment event covered by paragraph 26.5 of this clause. Such adjustment note will be issued no later than twenty-one (21) days after ALMAC and YAMC (or either of them, as appropriate) becomes aware that the adjustment event has occurred or refunds any GST (or part thereof) in respect of that supply.

26.7 Any disputes between the parties in relation to the operation or interpretation of this clause shall be dealt with in accordance with the dispute resolution procedures in clause 27 of this Agreement.

26.8 The parties agree to make any changes that are required to this clause to reflect any amendments made to the *GST Act* or a related Act or changes in the interpretation of any of those Acts by the courts or the Commissioner of Taxation.

26.9 In this clause 26:
(a) 'adjustment event' means an adjustment event for the purposes of the 
GST Act and includes any matter or thing that arises out of any error, any 
decision of a court in relation to the GST Act or a related Act, any ruling 
issued by the Commissioner of Taxation, any audit of the tax affairs of 
ALMAC, YAMC or of Explorer or the settlement of any dispute 
(including a dispute with the Commissioner of Taxation);

(b) 'adjustment note' has the same meaning as it has from time to time in the 
GST Act;

(c) 'GST' has the same meaning as it has from time to time in the GST Act;

(d) 'GST Act' means the A New Tax System (Goods and Services Tax) Act 1999 
and as that Act is varied in its effect on an event, matter, thing, agreement, 
transaction or the like by the A New Tax System (Goods and Services Tax 
Transition) Act 1999;

(e) 'price' has the same meaning as it has from time to time in the GST Act;

(f) 'supply' has the same meaning as it has from time to time in the GST Act;

(g) 'tax invoice' has the same meaning as it has from time to time in the GST 
Act; and

(h) 'taxable supply' has the same meaning as it has from time to time in the 
GST Act.

27. DISPUTE RESOLUTION

27.1 Guiding Principle

The parties agree that every effort should be made to ensure that disputes do not 
arise and that if a dispute does occur the parties should make every reasonable effort 
to resolve the dispute without recourse to this clause.

27.2 Priority of Procedures

Unless otherwise provided in this Agreement, if a dispute arises between the parties 
concerning this Agreement no party may commence any court proceedings relating 
to the dispute unless it has complied with the following paragraphs of this clause, 
except where the Party seeks urgent interlocutory relief.
27.3 Notice of Dispute

Any Party claiming that a dispute has arisen under this Agreement between Explorer and any of the Native Title Party, ALMAC or YAMC ('Complainant') must give written notice (‘Notice of Dispute’) to the other parties (‘Respondent’). The notice must adequately identify and provide details of the dispute and refer to any documentary evidence of the matters claimed in the dispute and designate a senior representative of the Complainant who has the authority to negotiate and settle the dispute.

27.4 Response to Dispute

Within fourteen (14) days after the Respondent receives a Notice of Dispute, the Respondent must give written notice to the Complainant. That notice must adequately define the Respondent’s response to the dispute and provide details and refer to any documentary evidence in support of its response to the dispute and designate a senior representative for each Respondent who has the authority to negotiate and settle the dispute.

27.5 Negotiations

Senior representatives designated pursuant to the preceding paragraphs of this clause must, within ten (10) days (or within such further period as the senior representatives may agree is appropriate) after the receipt of the notice referred to in paragraph 27.4 investigate, negotiate and endeavour to settle the dispute.

27.6 Mediation

(a) If, within one month of the date of the Notice of Dispute, the parties are either unable to resolve the dispute or no meeting has been held, the parties must mediate the dispute in accordance with the guidelines set out in Schedule 6 hereto, or as otherwise agreed by the parties, and shall seek to agree upon the appointment of an independent mediator with relevant experience of the matter in dispute or, failing agreement within fourteen days, the mediator shall be appointed by the President of the Law Society of South Australia for the time being.

(b) The President of the Law Society of South Australia (in determining who to appoint as the mediator) shall have regard to the parties’ intentions in this Agreement:

(i) for the preservation and protection of the native title rights and interests of the Native Title Party; and

(ii) the statutory rights, obligations and commercial imperatives of Explorer;

and shall take account of the fact that this Agreement constitutes a cross-cultural commercial agreement.
(c) The mediator, in conducting the mediation shall have regard to:

(i) the parties' intentions in this Agreement for the preservation and protection of the Aboriginal tradition of the Native Title Party; and

(ii) the statutory rights, obligations and commercial imperatives of Explorer.

(d) If within one month after the date of the mediator's appointment, mediation has not taken place, or has failed to resolve the dispute, or in the event no mediator has been appointed within one month of the Notice of Dispute, then any of the parties may by notice terminate the mediation process and may seek such remedies as they decide.

(e) Any date or period of time referred to in this clause may be varied or amended by agreement between the parties.

(f) None of the parties may commence court proceedings or arbitration concerning this Agreement unless it has first complied with the dispute resolution provisions contained in this clause. The parties agree that this Agreement may be pleaded as a bar to any court action commenced prior to termination of the mediation process other than an application for urgent interlocutory relief.

(g) In any case, each party shall bear its own costs for the mediation.

27.7 Without Prejudice

The parties acknowledge that the purpose of any exchange of information or documents or the making of any offer of settlement pursuant to this clause is an attempt to settle the dispute between the parties. No party may use any information or documents obtained through the dispute resolution process established by this clause for any other purpose.

28. CESSATION OF ACTIVITIES

28.1 Explorer shall notify ALMAC and YAMC (or either of them, as the case requires) one month prior to any surrender of a Licence in respect of the Licence Area pursuant to the Petroleum Act.

28.2 A surrender under the preceding paragraph of this clause is effective on and from the time when the Licence is effectively surrendered in respect of the Licence Area pursuant to the Petroleum Act.

28.3 Explorer shall cease Petroleum Operations immediately its Licence expires or is surrendered, withdrawn, revoked or cancelled in respect of the Licence Area.

28.4 Upon the surrender withdrawal revocation or cancellation of Explorer's Licence in respect of the Licence Area:
(a) Explorer shall pay to each of ALMAC and YAMC any and all monies then payable or accrued which are due to ALMAC or YAMC respectively pursuant to this Agreement; and

(b) each party shall remain liable to the other party in respect of any liability it has to the other as a consequence of any prior breach of this Agreement.

28.5 Nothing in this Agreement shall be construed as imposing an obligation on Explorer to carry out or complete any Petroleum Operations.

28.6 Except as provided in paragraph 28.3 this Agreement shall terminate when the parties have complied with its terms and all Licences have terminated.

28.7 The parties obligations under paragraphs 9(a), 9(b), 9(d), and clauses 17, 21 and 25 shall to the extent referred to therein survive any termination of this Agreement.

29. EMPLOYMENT, TRAINING AND EDUCATION OPPORTUNITIES

29.1 During the phases of Petroleum Operations preceding the establishment of commercial production facilities on the Claimed Land Explorer agrees to use its reasonable endeavours from time to time to provide opportunities for the employment of members of the Native Title Claim Group and for the engagement of enterprises controlled by members of the Native Title Claim Group and to similarly encourage its contractors so to do.

29.2 For the purposes of the next paragraph of this clause, ALMAC and YAMC will provide to Explorer from time to time the information set out in Schedule 7 and will update that information at least every 6 months.

29.3 During the phases of Petroleum Operations subsequent to the establishment of commercial production facilities on the Claimed Land Explorer agrees to use reasonable endeavours and to the extent permitted by law, to employ (on the basis of the information provided pursuant to Item 1 of Schedule 7) a minimum of 20% of its workforce engaged for the purpose of conducting the commercial production facilities of its Petroleum Operations, from members of the Native Title Claim groups.

29.4 In fulfilling its obligations under the preceding paragraph of this clause Explorer will have regard to the matters set out at Item 2 of Schedule 7.

29.5 For the purpose of implementing paragraph 29.3 Explorer will:

(a) make reasonable endeavours to require contractors and sub-contractors engaged in the course of Petroleum Operations to seek to provide the Native Title Claim group members with employment opportunities where vacancies exist or arise in the Petroleum Operations, having regard to the matters described in Item 2 of Schedule 7;

(b) consult with ALMAC and YAMC to establish a traineeship scheme (on the job or otherwise) which shall be available for the Native Title Claim group
members recommended by ALMAC and YAMC who demonstrate to the satisfaction of Explorer a desire and capacity to receive the same with a view to increasing the job skills of those members. Explorer shall use its reasonable endeavours to ensure that at least 2 such persons are offered traineeships each year.

29.6 In offering employment to Native Title Claim group members Explorer shall offer general working conditions (including rates of pay, hours of work, and roster period requirements) which are the same as for other employees having the same job description and in accordance with appropriate industrial awards that apply from time to time.

29.7 From the first anniversary of the first commercial sale of petroleum from commercial production facilities established on the Claimed Land, Explorer agrees to use reasonable endeavours to provide up to 2 educational scholarships to Native Title Claim Group members in each year for the remaining life of the Project. All scholarship awards will be made in consultation with ALMAC and YAMC and otherwise at the reasonable discretion of Explorer.

The native title rights and interests claimed are also subject to the effect of:
- all existing non-native title rights and interests (see, for example, those referred to in Schedule D); and
- all laws of South Australia made in accordance with section 19, 22F, 23E or 231 of the Native Title Act;

Further, the first exclusion clause detailed in section e (*) above is taken to mean that the applicants are not asserting exclusive rights over areas subject to previous non-exclusive possession acts.
